Steven G. Underwood

Gay Men and Anal Eroticism Steven G. Underwood, 2012-11-12 Gay men reveal their preference—and the reasons behind it! *Gay Men and Anal Eroticism: Tops, Bottoms, and Versatiles* is a no-holds-barred examination of one of society's most persistent taboos. In a remarkably candid collection of frank and forthright interviews, 21 gay men talk about the role anal sex plays in their lives and relationships and their choices to act as insertive (“top”) or receptive (“bottom”) partners—or both (“versatile”). Ranging in age from 21 to 65, the men discuss the reasons behind (and consequences of) their choices; how they define their sexual roles (and how those roles are defined by gay society); issues of power, trust, and vulnerability; and the concept (in both straight and gay society) that tops and bottoms are socially and morally unequal. These unique interviews, conducted by the author in the Boston and Provincetown areas, celebrate choice in gay men's sexuality while debating whether preference is genetically based or socially formed—a debate largely ignored in social science studies. The men interviewed—including gay porn icon Cole Tucker—discuss perceptions muddled by stereotypes, preconceived notions, and exaggerated scenarios, and the meanings gay men assign to anal sex, including dominance and submission roles related to masculine/feminine, aggressive/passive implications. The interviews also cover each subject's personal history as a gay man, safe sex in the AIDS era, childhood traumas, first-time sexual encounters, loves, desires, and obsessions. The interviews for *Gay Men and Anal Eroticism* provide insights that are equal parts thoughtful and outrageous, humorous and heartbreaking: Aaron, age 24: “I sort of fell into this image of myself as being a very aggressive bottom, a guy who knew what he wanted and who didn't want any wimps applying.” Danny, 21: “There’s a mindset about being a top ... it's kinda like maintaining the ship.” Sam, 36: “I hate to say it, but I’m a bottom ... I don’t like to be identified like that because I feel it turns me into something all the way from my feet up to my head.” Eddie, 42: “I guess I enjoy more being a top than a bottom because I haven't found a good top.” and Cole Tucker: “A physical act doesn't really make you a top or a bottom. It's a function, an organic function of what you do. It's the dynamics of where you come from.” The revealing disclosures of *Gay Men and Anal Eroticism* show equality in man-to-man sex to be as varied as the number of individuals who pursue it. Addressing traditional misunderstandings and misconceptions of gay men as either “limp-wrested fairies” or masculine “trade,” the book uncovers that there is much more to this complex issue than personal preference.

Dardanelle and the Bottoms Mildred D. Gleason, 2017-08-15 Between 1819 and 1970, the town of Dardanelle, Arkansas, located on the south side of the Arkansas River in Yell County, Arkansas, experienced sustained prosperity and growth made possible by the nearby farming community known as the Dardanelle Bottoms. A reciprocal relationship between the town and the Bottoms formed the economic backbone on which the area's well-being was balanced. The country people came to town on Saturdays to buy their groceries and supplies, to shop and take in a movie or visit the pool halls or barbershops. Merchants relied heavily on this country trade and had a long history of extending credit, keeping prices reasonable, and offering respect and appreciation to their customers. This interdependence, stable for decades, began to unravel in the late 1940s with changes in farming, particularly the cotton industry. In *Dardanelle and the Bottoms*, Mildred Diane Gleason explores this complex rural/town dichotomy, revealing and analyzing key components of each area, including aspects of race, education, the cotton economy and its demise, the devastation of floods and droughts, leisure, crime, and the impact of the Great Depression.

Fight Scenes Greg Bottoms, 2008-09-10 In an intricately linked series of poetic, short tales set in a 1983 suburb, Greg Bottoms portrays his life as one of two at-risk boys as they attempt to learn how to be—and what it means to be—men. By turns funny, disquieting, and moving, *Fight Scenes* takes an unsparing look at juvenile disaffection and the dark side of white, working-class masculinity. By narrating his experiences with childhood buddy Mark, Bottoms shows how many of America's young men learn to think about work, sex, weakness, violence, and themselves. In a pared-down, highly readable style that brings to mind the work of Raymond Carver, Sherman Alexie, and Denis Johnson, Bottoms has created a work of literature that shows how even the most accepted forms of toughness can have a damaging, disorienting, and finally dehumanizing effect on everyone, especially kids.
