Sonia Gandhi Rani Singh, 2011-09-13 Sonia Gandhi's story represents the greatest transformational journey made by any world leader in the last four decades. Circumstance and tragedy, rather than ambition, paved her path to power. Born into a traditional, middle-class Italian family, Sonia met and fell in love with Rajiv Gandhi, son of future Indian prime minister Indira Gandhi and grandson of Jawaharlal Nehru, while studying English in Cambridge. Cruelly tested by the assassinations of her mother-in-law and of her husband, Sonia grew into a strong, authoritative but always private figure, now president of a coalition ruling over a billion people in the world's largest democracy. Through exclusive interviews with members of Sonia's

party, political opponents and family friends, Rani Singh casts new light on Sonia. In the first mainstream biography of this inspirational figure, the author's compelling narrative retraces the path of the brave and beautiful Sonia Gandhi, examining what her life and legacy mean for India.

A woman's world, a better world ? Muriel de Saint Sauveur, 2014-11-21 What would our planet be like if women were in charge ? Would it be different ? What would be the fundamental changes to our lives ? These are the questions Muriel de Saint Sauveur poses to one hundred economically, politically and culturally prominent women, coming from thirty-three countries across five different continents. Amongst them are the Chinese writer and photographer Xiao Hui Wang ; Assana Sangare-Ouattara, deputy of the National Assembly in the Ivory Coast ; the Egyptian businesswoman Loula Zaklama and also French women including Françoise Gri, president of Manpower France and Marie-Jo Zimmermann, president of the French National Assembly's delegation on women's rights and gender equality. More involved, more ambitious and less egocentric, their priorities are different to those of men. Economy and strategy are not at the top of their lists, instead they view education as an essential objective towards social emancipation and living together in harmony. Their optimistic perception of the world envisions an organisation different to that of our society today.

Mother India Pranay Gupte, 2011-06-20 Mother India is the fascinating story of independent India's most complex GUPTA political figure: Indira Gandhi, the enigmatic and solitary daughter of the country's first prime minister, who rose to become prime minister herself.

Dubai Pranay Gupte, 2011-01-01 From desert sands to a glittering metropolis: the inside story of Dubai's transformation. In just two decades; Dubai has reinvented itself from a small; poor and quiet fishing village to a dazzling city with a vibrant urban life. How did this happen? Home to more than 200 nationalities—particularly those from the Indian subcontinent—the emirate's choice to welcome expatriates has paid off. Cultivating an open and welcoming culture; Dubai manages to attract people from all over the world; heartily embracing any entrepreneurial contribution they wish to make. The emirate is now also known for its cosmopolitan melting-pot culture; and its enabling environment to conduct business; and this; along with the tax-free system and hassle-free infrastructure; makes it a much sought-after site for multinational enterprises who want a base in Asia. Unlike the Gulf emirates that can count on petroleum wealth; Dubai has wound its way to prosperity by

planning carefully and executing those plans methodically. Its airline and luxury construction have made it a popular destination for luxury tourism. Projects like the Burj al-Arab; the Palm Jumeirah and the Burj Khalifa; along with events like the world's richest horserace—the Dubai World Cup—and the Dubai Shopping Festival; have sustained tourist interest and focused the world's attention on the emirate. Pranay Gupte draws on his deep knowledge of the region and its leading personalities to trace the city-state's extraordinary and fabulous journey.

Women Architects in India Mary N. Woods, 2016-10-04 As the first inclusive study of how women have shaped the modern Indian built environment from the independence struggle until today, this book reveals a history that is largely unknown, not only in the West, but also in India. Educated in the 1930s and 1940s, the very first women architects designed everything from factories to museums in the post-independence period. The generations that followed are now responsible for metro systems, shopping malls, corporate headquarters, and IT campuses for a global India. But they also design schools, cultural centers, religious pilgrimage hotels, and wildlife sanctuaries. Pioneers in conserving historic buildings, these women also sustain and resurrect traditional crafts and materials, empower rural and marginalized communities, and create ecologically sustainable architectures for India. Today, although women make up a majority in India's ever-increasing schools of architecture, it is still not easy for them, like their Western sisters, to find their place in the profession. Recounting the work and lives of Indian women as not only architects, but also builders and clients, opens a new window onto the complexities of feminism, modernism, and design practice in India and beyond. Set in the design centers of Mumbai and Delhi, this book is also one of the first histories of architectural education and practice in two very different cities that are now global centers. The diversity of practices represented here helps us to imagine other ways to create and build apart from starchitecture. And how these women negotiate tradition and modernity at work and at home is crucial for understanding gender and modern architecture in a more global and less Eurocentric context. In a country where female emancipation was important for narratives of the independence movement and the new nation-state, feminism was, nonetheless, eschewed as divisive and damaging to the nationalist cause. Class, caste, tradition, and family restricted—but also created—opportunities for the very first women architects in India, just as they do now for the growing number of young women professionals today.

The Age of Kali William Dalrymple, 2004 The Age of Kali is a panorama of the Indian subcontinent, poised between chaos, westernization and immemorial tradition. It is like Dalrymple's previous books, erudite, engaging and entertaining. Martin Gayford, Spectator Books of the Year

Sonia Rasheed Kidwai, 2011-05-06 Sonia Gandhi's transformation from an unsure Congress party president to the unchallenged political chief of the ruling United Progressive Alliance government happened with some speed in the aftermath of the Congress-led coalition's surprise victory in the 2004 general election. Her renunciation of the prime minister's post enhanced her moral stature in the public eye, but it is her skilled handling of the equation with the prime

minister, Manmohan Singh, that indicates the emergence of a self-confident politician, secure in her position at the helm of national affairs. In this fully revised and updated biography, Rasheed Kidwai tracks the evolution of the new Sonia Gandhi against the backdrop of the Congress party's return to power after years in the Opposition. The last five years have witnessed the Congress president's growing assurance in her dealings with party stalwarts, with coalition partners and Opposition leaders. Drawing on his long experience as a political journalist, Kidwai chronicles how Rahul Gandhi's smooth passage into the front rank of the party's leadership was achieved and gives a vivid account of how Sonia Gandhi navigated such critical moments as the 'office of profit' crisis, the presidential election, the Indo-US nuclear deal and the vote of confidence. In *Sonia, A Biography*, Rasheed Kidwai tells the extraordinary story of one of India's most enigmatic women, whose journey from the small Italian town of Orbassano to 10 Janpath, New Delhi, is one of the most fascinating in contemporary India.

The Story of My Assassins Tarun J. Tejpal, 2012-09-25 "Spine chilling ... written with flair and clear-eyed acidity." — The New Yorker Based on actual events, The Story of My Assassins tells the story of a journalist who learns that the police have captured five hitmen on their way to kill him. Landing like a bombshell on his comfortable life, just as he's started a steamy affair with a brilliant woman, the news prompts him to launch an urgent investigation into the lives of his aspiring murderers—a ragtag group of street thugs and village waifs—and their mastermind. Who wanted him dead, and why? But the investigation forces him to reexamine his own life, too—to confront his own notion of himself, his job, and his treatment of the women in his life, as well as his own complex feelings about the country that crafted his would-be killers. Part thriller and part erotic romance, full of dark humor and knife-edged suspense, The Story of My Assassins is a piercing literary novel that takes us from the lavish, hedonistic palaces of India's elite to its seediest slums. It is a novel of corruption, passion, power, and ambition; of extreme poverty and obscene wealth. It is an awesome adventure into the heart of today's India.

The Emerging Asian City Vinayak Bharne, 2013 Asian cities create concomitant imagery - polarizations of poverty and wealth, blurry lines between formality and informality, and stark juxtapositions of ancient historic places with shimmering new skylines. With Asia's re-emergence on the global stage, there is an acute focus on its multifarious urban issues and identities: What are Asian cities going to become? Will they surpass the economic and environmental debacles of the West? This collection of twenty-four essays surveys the most dominant issues shaping the Asian urban landscape today. It offers

scholarly reflections and positions on the forces shaping Asian cities, and the forces that they in turn are shaping.

Glittering Decades Nayantara Pothan, 2012-01-30 New Delhi was purpose-built to trumpet the supremacy of the British Raj and inaugurated in 1931. Instead it came to represent a fading imperial dream in the two decades that followed. In the heyday of the British Raj, strict social and racial hierarchies governed the social life of the city's ruling elites. And the frivolity of New Delhi's high society was kept in check by a faithful adherence to etiquette and protocol in everyday life. For example, the sixteen-button glove at a formal viceregal dinner party was of great importance as a means of maintaining the authority of the Raj. But the 1930s and 1940s were a period of transition. The political shifts associated with India's journey to self-government echoed in the social codes of conduct adopted by the Indian elites of New Delhi, and undermining the Raj's pomp became a legitimate means of challenging its authority. Closely examining the role of social ritual, interaction and behaviour in the shaping of the city and its elite groups, Glittering Decades tells the story of New Delhi and its privileged inhabitants between 1931 and 1952.

Sonia, a Biography Rasheed Kidwai, 2003 The rise of Sonia Gandhi to leader of the venerable Congress party is one of the most remarkable stories of recent times, even in the unpredictable world of Indian politics. The story of how an apolitical housewife who was dead set against the entrance of her husband, Rajiv Gandhi, into the political arena emerged as an astute player of the game herself is one that has never been told. Adding to the enigma is her reserve she has given very few interviews and remains a very private person. In Sonia: A Biography, journalist Rasheed Kidwai offers the first close look at the person and the transformation that circumstance and tragedy brought about in her. He recounts the period of shock that followed Rajiv Gandhi's assassination, her ascent to leadership in 1998, the revolt by party stalwarts Sharad Pawar and P.A. Sangma, the controversies she has had to face, and he unravels the true story of her dealings with leaders such as Sitaram Kesri, P.V. Narasimha Rao, Arjun Singh and others. Sonia also gives a fascinating insight into the inner world of Congress politics and the frustrations and jealousies that ensue as various leaders, powerful in their own right, vie for the honour of being part of the inner circle. Extensively researched and crisply written, this is a compelling portrayal of a leader who is seen by many as a future Prime Minister.
