New Kid Jerry Craft, 2019-02-05 Winner of the Newbery Medal, Coretta Scott King Author Award, and Kirkus Prize for Young Readers' Literature! Perfect for fans of Raina Telgemeier and Gene Luen Yang, *New Kid* is a timely, honest graphic novel about starting over at a new school where diversity is low and the struggle to fit in is real, from award-winning author-illustrator Jerry Craft. Seventh grader Jordan Banks loves nothing more than drawing cartoons about his life. But instead of sending him to the art school of his dreams, his parents enroll him in a prestigious private school known for its academics, where Jordan is one of the few kids of color in his entire grade. As he makes the daily trip from his Washington Heights apartment to the upscale Riverdale Academy Day School, Jordan soon finds himself torn between two worlds—and not really fitting into either one. Can Jordan learn to navigate his new school culture while keeping his neighborhood friends and staying true to himself? This middle grade graphic novel is an excellent choice for tween readers, including for summer reading. *New Kid* is a selection of the Schomburg Center's Black Liberation Reading List. Kid Food Bettina Elias Siegel,2019 It has never been so difficult to raise a healthy eater in America. Along with the picky eating and public tantrums that have forever tested the limits of parental patience, today's parents also fend off sophisticated assaults from outside their kitchens: unhealthy food-marketing campaigns aimed at kids; misleading product labels aimed at parents; and a school-food program so starved for cash that it sells name-brand junk food to grade school students. In *Kid Food*, nationally recognized food writer Bettina Elias Siegel (New York Times, The Lunch Tray) explores the cultural delusions and industry deceptions that have made it all but impossible to raise a healthy eater in America. Combining first-person reporting with the hard-won understanding of a food advocate and parent, it presents a startling portrayal of the current food landscape for children - and the role of parents in navigating it. Siegel also lifts the curtain on shadowy food industry front-groups, including clever marketing techniques that intentionally confuse parents about a product's nutritional value. (Did you know that made with real fruit may mean a product is less healthy?) What emerges is the industry's divide-and-conquer strategy, one that stokes kids' desire for junk food while breaking down parents' ability to act as responsible gatekeepers. For anyone who frets over what their child is eating, *Kid Food* offers both essential reading and a deeper understanding of the factors at play in their child's food environment. Written in the same engaging and relatable voice that has made *The Lunch Tray* a trusted resource for parents for almost a decade, *Kid Food* offers a well of compassion - and expertise - for those fighting the good fight at home.

The Kid that Needed a Pet Kip N. Willis, 2016-12-15 Life, for Ronnie Sinclair, is not as idyllic as it might be in the quirkily wonderful Oklahoma setting that serves as his home. Sure, he's got a fantastic family, which marvelously expands thanks to his evolving relationships with a bunch of fascinating people. He lives in a sprawling ranch house nestled inside fifteen acres of natural wonder, with adventures awaiting at every turn. And the Arbuckle Wilderness Preserve is in his backyard, which is amazing because it positively explodes with opportunities for communion with the animal pals he so adores. But there is trouble in Ronnie's life, too, and it's starting to feel like more than just the garden-variety kind of trouble a twelve-year-old boy might expect to run up against. Ronnie is a subject of intense interest for a few neighborhood bullies whose plans for him grow increasingly nefarious as time goes on. In short order, he finds himself the central figure in a national terror plot that threatens not only him and his family, but the country at large. At last, Ronnie draws strength for facing his ordeals from his faith, from his family, and from an enormously affectionate pet skunk who recognized his special qualities from the start. In the end, the lot of them learn a universal lesson about the meaning of love--particularly when it's applied to folks you were convinced were your enemies all along.
