The Burdens of Truth Etienne,2021-04-14 Professor and secret government analyst Ian Sanderson's bad day gets worse when he arrives home one miserable November evening to find an apparently incriminating photograph in a FedEx envelope in his doorway, followed by increasingly threatening photographs over the next two or three weeks. It isn't just Ian being set up: his partner, Randy, a lieutenant colonel working on a top-secret Pentagon project, is also at risk. Someone obviously wants something, but what? And from whom? Soon, a mysterious caller demands that Randy disclose information about the project he's been working on. When he refuses, Ian's and Randy's sons, David and Paul, are kidnapped from an Amtrak passenger train. Resourceful and intelligent, the boys manage to escape-only to find themselves lost and alone in a remote wilderness. With time running out, can Ian and Randy track down their blackmailers? Or will the man known only as The Broker claim another set of victims?

The White Adrian Caesar,2012-07-01 'Adrian Caesar's chilling prose transported me right back into the heart of Antarctica. This is a magnificent re-telling of those two fateful expeditions of 1912.' - Ranulph Fiennes Mawson decided to turn north ... when he was suddenly plummeted downwards with the fearful rush of nightmare. As the rope and harness attaching him to the sledge unravelled, so did his hope. But then he was arrested by a mighty jerk which felt as if it might remove his weakened arms. The rope pulled up, and he was suspended, slowly revolving fourteen feet into a giant grave of ice. He felt the sledge tugged by his weight towards the lid of the crevasse. So this is the end, he thought. It is 1912, the heroic age of Antarctic exploration. Scott's journey has ended. Mawson's is just beginning. Adrian Caesar's stunning stroke of imaginative recreation transports us to the last days of those perilous expeditions in the heart of the white continent. Sweeping through deaths and disasters with the pace and inevitability of a thriller, The White inexorably lays bare the forces that drove these two adventurers, the values that inspired them, and the remorseless obsession that dominated them.

Rise of the Phoenix Kenneth Whetstone,2006 When T.J. Stonewall (Coach Stone) established the Lady Phoenix Basketball Program as a way to help young female student athletes reach their athletic goals and higher education, he had no idea the

kinds of challenges he'd face both on and off the court. The newlywed coach must find a way to balance homelife with the more-than full-time job of being mentor, tutor, psychologist, father figure, judge, jury and friend to his players.

Caesar's Lord (Constantine's Empire Book #3) Bryan Litfin, 2022-11-01 After more than a decade of tumult, Roman warrior Rex and his aristocratic wife, Flavia, are thankful to the God they serve for the peaceful life they are living in the city of Alexandria. But with the Empire in flux, it cannot last. When Rex is called away to serve Constantine in his fight against Licinius, Flavia's loneliness and longing for a baby lead her down the road of temptation. Perhaps one of Egypt's gods will grant her conception? As battles rage both within and without, Rex and Flavia will have to rely on God's forgiveness and protection if they are to survive the trials to come. Their adventures sweep them into the great events of the ancient church, including the forging of the Nicene Creed, terrible murders within the imperial family, the quest for the true cross of Christ in Jerusalem, and the end of pagan Rome as a new Christian empire dawns. Bryan Litfin brings his epic Constantine's Empire series to a thrilling close with this dramatic tale of struggle and redemption.

The Mirror Man Lars Kepler, 2022-01-18 #1 INTERNATIONAL BEST SELLER • Detective Joona Linna is on the trail of a kidnapper who targets teenage girls and makes their worst nightmares a reality. Dark, disturbing, and chillingly relentless. Picture Hannibal Lecter sitting down to channel Stieg Larsson and then dial it way, way up! —Brad Thor, #1 New York Times best-selling author of Black Ice Sixteen-year-old Jenny Lind is kidnapped in broad daylight on her way home from school and thrown into the back of a truck. She's taken to a dilapidated house, where she and other girls face horrors far beyond their worst nightmares. Though they're desperate to escape, their captor foils everyone of their attempts. Five years later, Jenny's body is found hanging in a playground, strung up with a winch on a rainy night. As the police are scrambling to find a lead in the scant evidence, Detective Joona Linna recognizes an eerie connection between Jenny's murder and a death declared a suicide years before. And when another teenage girl goes missing, it becomes clear to Joona that they're dealing with a serial killer—and his murderous rampage may have just begun.

Gladiators Ben Hubbard, 2016-12-15 The Gladiator is an icon of Roman culture, of sports economy, and of brave and brutal combat. This title in the Conquerors and Combatants series reveals the importance of gladiators as cultural heroes, enslaved athletes who were vital to the economy, and as political actors whose victories and sacrifices both entertained and subdued the Roman population. Illustrations, photos, and artifacts complement details about the gladiators' lives, fighting styles, revolts, and political impacts. Adventureman Jamie McDonald, 2017-02-09 At the age of nine, Jamie's family feared he would never walk again. Twenty

years later, he set off to run 5,000 miles coast to coast across Canada. When Jamie decides to repay the hospitals that saved his life as a child, he embarks on the biggest challenge of his life: running the equivalent of 200 marathons back-to-back, solo and unsupported, in -40 degree weather, surviving all kinds of injuries and traumas on the road and wearing through 13 pairs of trainers. And he does it all dressed as the superhero, the Flash. Though his journey was both mentally and physically exhausting, it was the astounding acts of kindness and hospitality he encountered along the way that kept him going. Whether they gave him a bed for the night, food for the journey, a donation to his charity or companionship and encouragement during the long days of running, Jamie soon came to realise that every person who helped him towards his goal was a superhero too.

Shoes of the Law A Basketball Story Ron De Torre, 2015-11-10 Jack Lawyer is a gifted athlete. Alan Dionne is not. They are friends because of shoes: Alan thinks they are the best he has ever worn, and Jack because the manufacturers pay him to play. To Alan, athletic competition is a noble endeavor; he believes in the Olympic Creed, and that the most important thing is the trying. To Jack, playing ball is a ticket out of his decaying mill town home, and the path to the riches of a professional career. They meet at a time when manufacturers of sporting equipment are beginning to funnel huge sums of money into amateur and collegiate sports, and this story chronicles both boy's (and later men's) trials through college and beyond. Is sport a noble endeavor in itself? Or, is it high-dollar entertainment? Can it realistically be both?

Juliet in Storyland M.G.S., 2012-06-11 What would you do if the greatest stories of all time were real? What would you do if there was a Darcy and Elizabeth? What would you do if Charles Darnay ran the local café? If there was a snobby boys private school in town with a boy named Ralph who was

Caesar's Silver Mark Stonecipher, 2012 A superb and suspenseful story of fact and fiction that brings to life and chronicles the struggles of real people as they sealed their places in history. Caesar, a true life character, was an escaped slave from Virginia who made his way to the Ohio country and was adopted by the Shawnee. His journey from slavery to freedom, from fugitive to a Shawnee Warrior is strikingly described in this book. Caesar's life intertwined with the Shawnee, a proud, scattered people, noted for their beautiful silver ornaments, whose wanderings had brought them to the Ohio Valley. Their struggles to remain a strong nation faced with the encroachment of settlers and war with the "Longknives" is expertly portrayed in this book. In 2012, an old letter is found giving detailed directions to an underground cavern that holds a cache of silver that the Shawnee had hidden. What was found in that cavern will astound you for there was much more than the lost treasure of the Shawnee. There is a section, in the form of endnotes, at the back of the book that will guide the reader through the actual events of history that inspired the author to create this wonderful story

Scott, New York Times Book Review, cover review Following on the heels of his New York Times bestselling novel *Telegraph Avenue*, Pulitzer Prize-winning author Michael Chabon delivers another literary masterpiece: a novel of truth and lies, family legends, and existential adventure—and the forces that work to destroy us. In 1989, fresh from the publication of his first novel, *The Mysteries of Pittsburgh*, Michael Chabon traveled to his mother's home in Oakland, California, to visit his terminally ill grandfather. Tongue loosened by powerful painkillers, memory stirred by the imminence of death, Chabon's grandfather shared recollections and told stories the younger man had never heard before, uncovering bits and pieces of a history long buried and forgotten. That dreamlike week of revelations forms the basis for the novel *Moonglow*, the latest feat of legerdemain from Pulitzer Prize-winning author Michael Chabon. *Moonglow* unfolds as the deathbed confession of a man the narrator refers to only as "my grandfather." It is a tale of madness, of war and adventure, of sex and marriage and desire, of existential doubt and model rocketry, of the shining aspirations and demonic underpinnings of American technological accomplishment at midcentury, and, above all, of the destructive impact—and the creative power—of keeping secrets and telling lies. It is a portrait of the difficult but passionate love between the narrator's grandfather and his grandmother, an enigmatic woman broken by her experience growing up in war-torn France. It is also a tour de force of speculative autobiography in which Chabon devises and reveals a secret history of his

own imagination. From the Jewish slums of prewar South Philadelphia to the invasion of Germany, from a Florida retirement village to the penal utopia of New York's Wallkill prison, from the heyday of the space program to the twilight of the "American Century," the novel revisits an entire era through a single life and collapses a lifetime into a single week. A lie that tells the truth, a work of fictional nonfiction, an autobiography wrapped in a novel disguised as a memoir, Moonglow is Chabon at his most moving and inventive.
