**Tall Men, Short Shorts** Leigh Montville, 2022-05-24 This part memoir, part sports story (Wall Street Journal) from the New York Times bestselling author of *The Big Bam* chronicles the clash of NBA titans over seven riveting games—Celtics versus Lakers, Russell versus Chamberlain—covered by one young reporter. Welcome to the 1969 NBA Finals! They don't set up any better than this. The greatest basketball player of all time - Bill Russell - and his juggernaut Boston Celtics, winners of ten (ten!) of the previous twelve NBA championships, squeak through one more playoff run and land in the Finals again. Russell's opponent? The fearsome 7'1" next-generation superstar, Wilt Chamberlain, recently traded to the LA Lakers to form the league's first dream team. Bill Russell and John Havlicek versus Chamberlain, Jerry West and Elgin Baylor. The 1969 Celtics are at the end of their dominance. The 1969 Lakers are unstoppable. Add to the mix one newly minted reporter. Covering the epic series is a wide-eyed young sports writer named Leigh Montville. Years before becoming an award-winning legend himself at *The Boston Globe* and *Sports Illustrated*, twenty-four-year-old Montville is ordered by his editor at the *Globe* to get on a plane to L.A. (first time!) to write about his luminous heroes, the biggest of big men. What follows is a raucous, colorful, joyous account of one of the greatest seven-game series in NBA history. Set against a backdrop of the late sixties, Montville's reporting and recollections transport readers to a singular time - with rampant racial tension on the streets and on the court, with the emergence of a still relatively small league on its way to becoming a billion-dollar industry, and to an era when newspaper journalism and the written word served as the crucial lifeline between sports and sports fans. And there was basketball - seven breathtaking, see-saw games, highlight-reel moments from an unprecedented cast of future Hall of Famers (including player-coach Russell as the first-ever black head coach in the NBA), coast-to-coast travels and the clack-clack-clack of typewriter keys racing against tight deadlines. *Tall Men, Short Shorts* is a masterpiece of sports journalism with a charming touch of personal memoir. Leigh Montville has crafted his most entertaining book yet, richly enshrining luminous players and moments in a unique American time.

**Men in Shorts** David James Parr, 2020-09-12 Ironically while signing copies of his revealing first novel, a middle-aged author is confronted by the very inspiration for his book; Clay Fitzgerald Miller, of the improbable name and the impossible eyes, still unearthly green after so many years. Back in 1992 Chicago, where the chiseled trunks of Calvin Klein hunks towered over Halsted, love was in the air and Clay was in the intersection between the club Vortex and a 7-11, where sparks were about to fly, virginities were about to be lost, and a whole new world was about to be discovered. MEN IN SHORTS is a Roman-a-Clay about first loves, last kisses, and all of the passionate puddles of lust found in between, ricocheting back and forth in the dizzying and dazzling world of a twentysomething romance.

Men in Shorts David James Parr, 2020-09-13 Parr's writing exudes a subtle magnetism that is at once melancholy and uplifting; poetic and direct; whimsical and deeply, deeply affecting. - Joe Okonkwo, author of JAZZ MOON While signing copies of his revealing first novel, a middle-aged author is confronted by the very inspiration for his book: Clay Fitzgerald Miller, of the improbable name and the impossible eyes, still unearthly green after so many years. **Are Men Animals?** Matthew Gutmann, 2019-11-12 Boys will be boys, the saying goes -- but what does that actually mean? A leading anthropologist investigates Why do men behave the way they do? Is it their male brains? Surging testosterone? From vulgar locker-room talk to mansplaining to sexual harassment, society is too quick to explain male behavior in terms of biology. In *Are Men Animals?*, anthropologist Matthew Gutmann argues that predatory male behavior is in no way inevitable. Men behave the way they do because culture permits it, not because biology demands it. To prove this, he embarks on a global investigation of masculinity. Exploring everything from the gender-bending politics of American college campuses to the marriage markets of Shanghai and the women-only subway cars of Mexico City, Gutmann shows just how complicated masculinity can be. The result isn't just a new way to think about manhood. It's a guide to a better life, for all of us.

**Every Man a King** Chris Stirewalt, 2018-09-11 From Fox News' politics editor Chris Stirewalt -- a fun and lively account of America's populist tradition, from Andrew Jackson and Teddy Roosevelt, to Ross Perot, Pat Buchanan, and Donald Trump. Whatever the ideological fad of the moment, American populism has always been home to a fascinating assortment of charismatic leaders, characters, kooks, cranks, and sometimes charlatans who have - with widely varying degrees of success - led the charge of ordinary folks who have gotten wise to the ways of the swamp. This attitude of skeptical resentment also makes populism a fertile field for the work of conspiracy theorists and other enthusiastic apostates from civic convention. After all, if the people in power are found to be rigging one part of the system, why not the rest? *Every Man a King* tells the stories of America's populist leaders, from an elderly Andrew Jackson brutally caning his would-be-assassin, to William Jennings Bryan's pre-speech routine that combined equally prodigious quantities of prayer and food, to Ross Perot's military-style campaign that made even volunteers wear badges with stars to show rank. It is a rollicking history of an American attitude that has shaped not only our current moment, but also the long struggle over who gets to define the truths we hold to be self evident.

**The Little Men** Megan Abbott, 2015-09-15 In 1950s Hollywood, an actress is haunted by a bookseller's death: A novella from the Edgar Award-winning author of *Give Me Your Hand*. In 1953, Penny is just another washed-up, wannabe Hollywood

actress who is past her prime. She has settled in to a quiet lifestyle, and when she finds a low-rent bungalow in Canyon Arms, it's a dream come true; Penny takes to the place instantly. But the dream cottage with its French doors and tiled courtyard may not be as perfect as it seems. Penny's new neighbors start filling her head with stories about past tenants, whispering voices, and a suicide that may not have been a suicide at all. Soon enough, Penny starts hearing strange noises and she can't help but wonder about the true fate of the bookseller who died in her home a dozen years earlier. Her suspicions are only fueled by the ominous inscription that she discovers in a book that's closely guarded by her landlord . . . *A Man of Few Words - The Short Humour of Swan Morrison* Swan Morrison, 2006-11 With today's busy lifestyles there can barely be time to read anything. Fears have been expressed that English literature might become the preserve of a few specialist academics, as texts in cuneiform script and hieroglyphic writing. The answer could be Short Humour, which can be read at any time and almost anywhere. Far Eastern, low cost, pirate versions of The Oxford English Dictionary explain Short Humour as 'Non-serious writing that is not too long'. Swan Morrison defined 'not too long' as around 500 words, and stories, poems and the like began to be written that could be read in their entirety in less than ninety seconds. A Man of Few Words is a collection of one hundred such examples of SH by Swan Morrison with a connecting theme of life in contemporary Britain. In addition, The Short Humour Site has been created at [www.short-humour.org.uk](http://www.short-humour.org.uk). This site aims to promote the reading and writing of SH both in Britain and throughout the world and to showcase the work of writers of the genre.

**Men on the Moon** Simon J. Ortiz, 1999-07 When Faustin, the old Acoma, is given his first television set, he considers it a technical wonder, a box full of mystery. What he sees on its screen that first day, however, is even more startling than the television itself: men have landed on the moon. Can this be real? For Simon Ortiz, Faustin's reaction proves that tales of ordinary occurrences can truly touch the heart. For me, he observes, there's never been a conscious moment without story.

Best known for his poetry, Ortiz also has authored 26 short stories that have won the hearts of readers through the years. *Men on the Moon* brings these stories together—stories filled with memorable characters, written with love by a keen observer and interpreter of his people's community and culture. True to Native American tradition, these tales possess the immediacy—and intimacy—of stories conveyed orally. They are drawn from Ortiz's Acoma Pueblo experience but focus on situations common to Native people, whether living on the land or in cities, and on the issues that affect their lives. We meet Jimmo, a young boy learning that his father is being hunted for murder, and Kaiser, the draft refuser who always wears the suit he was given when he left prison. We also meet some curious Anglos: radicals supporting Indian causes, scholars studying Indian ways, and San Francisco hippies who want to become Indians too. Whether telling of migrants working potato fields in Idaho and pining for their Arizona home or of a father teaching his son to fly a kite, Ortiz takes readers to the heart of storytelling. *Men on the Moon* shows that stories told by a poet especially resound with beauty and depth.
