Lace Shirley Conran,2012-11-06 Which one of you bitches is my mother? Four elegant, successful, and sophisticated women in their forties are called to New York's Pierre Hotel to meet Lili -- a beautiful, young, and notoriously temperamental Hollywood movie star. None of the women knows exactly why she is there; each has a reason to hate Lili and each of them is astonished to see the others. They are old friends who share a guilty secret and who have for years been doing their best to keep that secret quiet. Their lives are changed forever, however, when Lili suddenly confronts them. When the women refuse to answer her, Lili proceeds to travel around the world through the playgrounds of the rich and famous, seeking to answer the question that has obsessed and almost destroyed her. From Paris to London, from the boardroom to the bedroom, Lace takes the reader into the rarified world of five unforgettable women who are as beautiful, as complex and as strong as...lace.

Plain Simple Useful Sir Terence Conran,2014-05-12 Terence Conran has always believed that objects - and surroundings - that are plain, simple and useful are the key to easy living. By being practical and performing well over time, they are as much the antidote to superficial styling as they are to the shoddy and second-rate. Applied to the home as a whole, this discerning approach results in interiors that are effortlessly stylish, confident and timeless, with plenty of room for the

expression of personal taste. Plain Simple Useful is organized according to the main activities that take place at home. Inspirational interiors, many of which are Conran's own, and a number of projects designed by him exclusively for this book, provide all the guidance you need to tailor-make your own storage. The book also features iconic examples of classic designs that will enhance any home, as well as a peek behind the closed doors of those well-ordered cupboards, larders and other stowing spaces that contribute so much to easy living.

The Bed and Bath Book Terence Conran, 1978 Conran's popular guide to decorating bedrooms and bathrooms, with over 1,000 full color photographs and illustrations.

The Essential Garden Book Terence Conran, Dan Pearson, 1998 This reference work is for anyone wanting to improve their garden. Design solutions are presented along with practical information enabling you to create a garden that looks and works as you want it to. The book is split into six sections on essential gardens, exterior design, living space, planting design, a directory and foundation techniques.

Savages Shirley Conran, 2012-07-24 Five women must spend months alone together in a hostile jungle, threatened on land and in the water and—perhaps most dangerous of all—by their own exposed and violent passions, that turn them, into savages far worse than their hunters and enemies.

Terence Conran's Inspiration Terence Conran, Stafford Cliff, 2009-04-01 People say that the most successful homes are the most sustaining and invigorating to live in, or even just to visit. This is true of Barton Court, the house in Berkshire where Terence Conran has made his country home since 1977. It has been a family home, a center to his Habitat Design business, a factory and studio for producing commercial and domestic furniture, a laboratory for testing his recipes and writing cookery books and has a working fruit, vegetable and herb garden, supplying produce for his restaurants. Through the objects that Terence has collected, and the things he finds on his travels, we can learn, not only about the man behind a multi-million dollar empire, but the processes that stimulate his creativity and the sources of his inspiration. In this part visual biography, part guided tour Terence Conran explains what he sees and what he should look for in good design and just what has inspired him through his varied career.

Conran on Colour Terence Conran, 2015 Subtle and allusive, bold and invigorating, colour is one of the single most powerful elements in design and decoration. Even its absence makes its presence felt. The choice of colours on offer to the home decorator is dazzling and potentially baffling - from coloured saucepans and kitchen appliances to paint and tiles - and colour, like never before, is affordable and accessible. Yet handling colour effectively does take both confidence and a degree of expertise. In *Conran on Colour* Terence Conran shares a lifetime of experience as one of the world's leading designers, retailers and restaurateurs to explain how to make the most of this vibrant and dynamic ingredient. With reference to a wide range of sources, from nature and fashion to street markets and works of art, he reveals how to translate such examples into

practical strategies for bringing colour into your home. Packed with fascinating detail, sound advice and a wealth of inspiration, the book is illustrated with engaging contemporary interiors from around the world - homes that display a fresh blend of thoughtful design and individual character. As such examples reveal, using colour successfully is as much about well-judged accents and focal points as it is in the choice of wall colour or floor covering.

The Lost Celt A. E. Conran, 2016-03-15 Written in the voice of Mikey, a fourth-grader who believes that eating crunchy things will get your neurons to fire, *The Lost Celt* follows Mikey's adventures after a chance encounter with what he thinks is a time-traveling Celtic warrior. With the help of his best friend Kyler, and clues from his military history book, Mikey tracks down the stranger, and in the process learns about the power and obligations of friendship. Full of heart, *The Lost Celt* throws a gentle light on some of the issues facing our veterans and their families, but it's the humor and infectious camaraderie throughout this book that makes it so memorable.

Terence Conran: My Life in Design Sir Terence Conran, 2016-09-08 'The British designer who revolutionised retail and decor.' BBC news 'Terence Conran was instrumental in the redesigning of post-war Britain and his legacy is huge..He changed the way we lived and shopped and ate.' Tim Marlow, Director and Chief Executive, Design Museum. 'He spent his whole career looking for ways to make life better for everyone.' Deyan Sudjic, Director Emeritus, Design Museum In *My Life in Design*, Terence Conran tells the story of the Conran brand from the founding of the Conran Design Studio more than sixty years ago to the creation of the Design Museum, now based in a dazzling new space on High Street Kensington. Extensively illustrated chapters consider the many areas where Terence and his design team made a lasting impact on the way we live our lives, including the founding of Habitat, which introduced good, affordable homeware to the high street, his restaurants, which brought Britain out of the culinary dark ages to discover the joys of eating out and his talent for rescuing and regenerating abandoned buildings and bringing them back into exciting new use. *My Life in Design* is illustrated with more than 400 images - many from private collections that have not been published before. The book is introduced by internationally renowned designer, Thomas Heatherwick, who identifies his mentor Terence Conran as 'a modernist who, together with a tiny handful of others, gave us a new vision of Britain and ourselves.' Now in his eighties and still designing beautiful homeware and opening buzzy, welcoming restaurants, Terence reveals the secrets and stories of this transformation of British design. Gloriously lively, opinionated and visually stimulating, this is the only book to tell the story of Terence Conran's remarkable career in his own words. *Terence Conran: My Life in Design* will appeal to designers, students and all those who have grown up with the work of the multi-talented Sir Terence Conran.

Terence Conran on Design Terence Conran, 1996 Using such iconic examples as the Jacobsen Egg chair, the Concorde airplane and wartime innovations such as the Burberry trenchcoat and the Zippo lighter, Terence Conran presents the century's most significant design innovations. From such early century movements as the Wiener Werkstatte, the Bauhaus and the Arts and Crafts Movement to the currently hot Mid-century Modern and present-day Post-modern examples, he argues the case for design as an intrinsic and creative force in the modern world. He writes on the place of kitsch in the design universe, examines the respective roles of aesthetics and practicality - the eternal form/function argument - and argues that the designer's role, even mission, is to help add a spiritual dimension to life, to make life worth living. Illustrated with 329 full color and 70 black and white photographs representing all the important moments in modern design, Conran on Design is a superb visual sourcebook that will provide inspiration for art students, designers, architects and all those who appreciate the value of good design in this increasingly design-aware age.

J.V. Conran and Rural Political Power Will Sarvis, 2012 James Vincent Conran (1899-1970) was the most significant

political organizer in the history of rural America. Conran served as a rural Missouri prosecutor for 32 years, but he was also the much sought political friend of statewide and national candidates such as President Harry S. Truman, U.S. Senator Thomas F. Eagleton, and Governor Warren Hearnes. Contemporary media depictions tended to portray Conran as a traditional, corrupt political boss, like Conran's notorious contemporaries, Tom Pendergast of Kansas City or Ed Crump of Memphis. In J.V. Conran and Rural Political Power Will Sarvis paints a more accurate image of Conran by describing both the extent and limitations of his power and influence.
