SEAL's Promise Makenna Jameison, A dangerous hostage standoff at sea. An event planner caught in the middle. And a Navy SEAL who'll risk everything to save her. Navy SEAL Troy "T-Rex" Harrison doesn't expect to see the pretty redhead he flirted with at the beach ever again. Her flirtatious smile and sexy curves might've made his heart pound, but when he had to rush off to base for an emergency, he didn't get her name or number. Event planner Caitlyn Thomas is ready to pull off the highlight of her career. She's arranged an anniversary party for a high-ranking military officer and his wife. When the admiral is targeted by terrorists intent on stealing state secrets, Caitlyn is caught in the middle of the standoff. Taken hostage and out to sea with the admiral and his wife, she is shocked when the good-looking guy from the beach sneaks onto the boat to save them. A SEAL team coming to her rescue is the last thing she expects—especially the ruggedly handsome man who made her pulse pound. Danger follows her home from the rescue operation though. Troy won't let anything happen to her, but he won't let her get away this time either. SEAL's Promise, a standalone novel, is book five in the addictive Alpha SEALs Coronado series.

Beyond the Sea Keira Andrews,2017-06-26 Two hot guys. One desert island. Troy Tanner walks out on his boy band's world tour rather than watching his little brother snort his life away. Screw it. He'll take a private jet home and figure out his life away from the spotlight. But Troy doesn't make it home. The plane crashes on a jungle island in the South Pacific. Forget

dodging the paparazzi—now Troy's desperate for food and water. The turquoise ocean and white sand beach looks like paradise, but danger lurks everywhere. Thank God the pilot survived too. At least Troy's not alone. He has Brian. Brian's smart and brave and strong. He doesn't care that Troy's famous. Brian's real. As days turn into weeks with no sign of rescue, Troy and Brian rely on each other. They make each other laugh despite being stranded. They go from strangers to friends. What happens when they want more? Although he and Brian both identify as straight, their growing desire burns hotter than the tropical sun. If they explore their sexuality a thousand miles from anything or anyone, can their newfound love survive in the real world if they're finally rescued? This slow-burn LGBT romance from Keira Andrews features bisexual awakening, scorching m/m first times, an age gap, and of course a happy ending.

The Hindu Quest for the Perfection of Man Troy W. Organ,1998-07-27 A lucid, thorough and fresh exploration of the material. This is an exceedingly helpful study and may be the best single textbook on the subject. Previously, there was little of note in between inadequate introductions to Hindu thought and the more specialized primary or secondary materials. Organ is a competent philosopher and presents the 'Hindu quest' in a scholarly and readable form...it is a key book for undergraduate libraries and would be an invaluable asset in a course which dealt seriously and at any length with the Hindu tradition. Excellent bibliography. --Choice This is not just another book on Hinduism, but a source of systematic information... --Bibliography of Philosophy This scholarly and perceptive account makes Hindu beliefs and practices intelligible by showing how the contradictions which have puzzled Westerners are rooted in Human Diversity. --The Review of Metaphysics

Just Begin Dann E. Wigner,2018-10-17 - Spiritual practices for beginners and practitioners all in one volume - Spurs people of faith to deeper self-awareness, holistic living, and prayer Just Begin is an indispensable reference tool for the interested spiritual practitioner who wants to add new methods and exercises to their mystical toolbox. In simple terms, basic steps, and encouraging language, Dr. Wigner introduces readers to more than 40 different practices from Eastern and Western traditions, encompassing everything from mindfulness to music, yoga to the Lord's Prayer. In each short description, the focus is to just begin to practice and experiment, grow, and develop spiritually on the way. No one can take a journey without taking the first step, and Dr. Wigner provides the first steps for multiple practices in various religious traditions. These spiritual exercises will help spur people of faith to deeper self-awareness, holistic living, and prayer. The book's sections are organized around types of practices: Meditating, Listening, Being, Sensing, and Embodying, with a final section: Doing. Each chapter forms a short three to five page introduction to a mystical practice, consisting of segments on definition, background, how to practice, resources for further study, journal prompts and discussion questions, and common problems that sometimes get in the way of one's practice.

A Borrowing of Bones Paula Munier, 2018-09-11 The instant USA Today bestseller! The first in a gripping new series by Paula Munier, *A Borrowing of Bones* is full of complex twists, introducing a wonderful new voice for mystery readers and dog lovers. Grief and guilt are the ghosts that haunt you when you survive what others do not.... After their last deployment, when she got shot, her fiancé Martinez got killed and his bomb-sniffing dog Elvis got depressed, soldier Mercy Carr and Elvis were both sent home, her late lover's last words ringing in her ears: "Take care of my partner." Together the two former military police—one twenty-nine-year-old two-legged female with wounds deeper than skin and one handsome five-year-old

four-legged Malinois with canine PTSD—march off their grief mile after mile in the beautiful remote Vermont wilderness. Even on the Fourth of July weekend, when all of Northshire celebrates with fun and frolic and fireworks, it's just another walk in the woods for Mercy and Elvis—until the dog alerts to explosives and they find a squalling baby abandoned near a shallow grave filled with what appear to be human bones. U.S. Game Warden Troy Warner and his search and rescue Newfoundland Susie Bear respond to Mercy's 911 call, and the four must work together to track down a missing mother, solve a cold-case murder, and keep the citizens of Northshire safe on potentially the most incendiary Independence Day since the American Revolution. It's a call to action Mercy and Elvis cannot ignore, no matter what the cost.
