Babylon Rolling Amanda Boyden, 2009-08-11 From the author of the acclaimed debut *Pretty Little Dirty* comes a complex, seductive novel about race and culture, set in New Orleans. *Babylon Rolling* is a glittering, gritty, unflinching novel of five families living along an Uptown block in the year before Hurricane Katrina. Told in numerous voices, it explores what happens when forces collide in the boozy, humid city that care forgot. At once an exploration of ethnicity and a portrait of a city on the edge of annihilation, *Babylon Rolling* is a brave and masterful novel.

Kissing Kate Lauren Myracle, 2007-04-19 Kate was Lissa's best friend. They've shared everything for four years. Then one night at a drunken party, Kate leaned in to kiss Lissa, and Lissa kissed her back. And now Kate is pretending Lissa doesn't exist. Confused and alone, Lissa's left questioning everything she thought she knew about herself, and about life. He has to unload it and disappear before the mob makes him disappear. Kissing Oblivion Andy Mascola, Every night since his girlfriend left him, David Alexander's sleep has been troubled by vivid fantasies of suicide. After an unusual romantic encounter during an illusionist's performance, David's repressed post-breakup loneliness and depression begin to manifest themselves in increasingly bizarre and sometimes dangerous ways. Part surreal mystery, part hallucinatory tragicomedy, *Kissing Oblivion* details a week in the darkly funny life of a man whose bond with reality, and possibly space and time, has become severed to the point where he can no longer trust his own senses.

The Ariel, 1827

Repairing the World Errol P. Cohen, 2014-07 Ancient mysteries are used to foreshadow current day events in the

thrilling novel *Repairing the World*. Two ancient organizations compete for age-old scrolls and treasures, including an amulet that offers a tantalizing glimpse at future scientific data. The richly drawn characters within the interwoven plots include a sadistic duo running an ancient brotherhood, two married college professors who make Indiana Jones look slow, a cadre of robber barons, three college students, a quantum physics whiz, a liberal priest, a pair of retired Israeli commandos, sociopaths, and an ultra-strong woman president. All are caught up in a competition spawning violence, international sabotage, dirty bombs, and political subterfuge at the highest levels. The plot is based on over twenty years of meticulous research, as the story cuts across the world from waterways in Jerusalem, to ancient tombs in Israel and France, a mega volcano at Yellowstone, and a White House shaking off the restraints of legislators who don't seem bothered by moral priorities. A sequel is in the works.

Ariel Sharon Freddy Eytan, 2006 This chronicle of Israeli history - seen through the lens of the life of one of its major actors - reveals a resolute man of action whose contribution to the survival and success of the State of Israel is the stuff of legend. From his birth in the village of Kfar Malal in Palestine through the birth of Israel and its courageous struggle for life, Ariel Sharon's story has intersected with those of the entire range of humanity, from the extraordinary to the mundane, from the inspirational to the abject. Ariel Sharon experienced heroic times, when nothing could be taken for granted and the razor's edge always under foot. The author of this book first met Ariel Sharon in 1956, and since then has remained fascinated by the life of a simple man of the land who profoundly, wanted no more than to live in peace on his desert ranch. But historical events thrust enormous responsibility upon his shoulders, and as is well known, Ariel Sharon took that responsibility seriously. Though his life has been controversial and filled with large scale conflict, Ariel Sharon - Arik as Israelis call him - also suffered great personal tragedy with the death of his first wife and son. In the end, he had the courage to dramatically change his ideas and change the course of Middle Eastern history in an attempt to resolve, once and for all, the conflict that opposes Israeli and Palestinian. With more than fifty pages of little-known documents including the famous Roadmap to peace, important speeches by Ariel Sharon and Ehud Olmert, and correspondence between Jerusalem and Washington, Ariel Sharon a life in times of turmoil offers an intriguing account of the events that have made Israel what it is today.

Deep Water Josepha Sherman, Laura Anne Gilman, 2018-05-15 Shape Shifters Willow's soft spot for critters finds her spending a cold winter morning along the coast as part of a volunteer rescue team, cleaning up an oil spill that has damaged the marine habitat. While climbing over some rocks, she discovers another unexpected victim of the spillage -- a selkie, a shape-shifting seal girl who won't be able to return to the sea until the oil is removed from her coat. Willow takes the creature back to the library so that Giles and the Slayerettes can help her to restore her magickal coat. However, though Ariel, as the posse dubs her, is endearing in her innocence, Buffy can't quite shake her innate suspicions of the creature whose nature, like the ocean, is ever changing. Unfortunately, the spill has forced more than a selkie from the cold water. Merrows look very much like traditional mermaids -- with one important and fatal difference. As if things weren't complicated enough...

But beneath the passion lurk the strands of a long-hidden secret...a secret embodied in a sparkling silver rose. I hope you will be as caught up in Ariel and Hawkesmoor's love story as I was.
