**Invisible Man** Ralph Ellison, 2016-08-18 Invisible Man is a milestone in American literature, a book that has continued to engage readers since its appearance in 1952. A first novel by an unknown writer, it remained on the bestseller list for sixteen weeks, won the National Book Award for fiction, and established Ralph Ellison as one of the key writers of the century. The nameless narrator of the novel describes growing up in a black community in the South, attending a Negro college from which he is expelled, moving to New York and becoming the chief spokesman of the Harlem branch of the Brotherhood, and

retreating amid violence and confusion to the basement lair of the Invisible Man he imagines himself to be. The book is a passionate and witty tour de force of style, strongly influenced by T.S. Eliot's *The Waste Land*, Joyce, and Dostoevsky.

**A Stolen Life** Jaycee Dugard, 2011-07-12 A raw and powerful memoir of Jaycee Lee Dugard's own story of being kidnapped as an 11-year-old and held captive for over 18 years. On 10 June 1991, eleven-year-old Jaycee Dugard was abducted from a school bus stop within sight of her home in Tahoe, California. It was the last her family and friends saw of her for over eighteen years. On 26 August 2009, Dugard, her daughters, and Phillip Craig Garrido appeared in the office of her kidnapper's parole officer in California. Their unusual behaviour sparked an investigation that led to the positive identification of Jaycee Lee Dugard, living in a tent behind Garrido's home. During her time in captivity, at the age of fourteen and seventeen, she gave birth to two daughters, both fathered by Garrido. Dugard's memoir is written by the 30-year-old herself and covers the period from the time of her abduction in 1991 up until the present. In her stark, utterly honest and unflinching narrative, Jaycee opens up about what she experienced, including how she feels now, a year after being found. Garrido and his wife Nancy have since pleaded guilty to their crimes.

**Monster** Walter Dean Myers, 2004-12-14 While on trial as an accomplice to a murder, 16-year-old Steve Harmon records his experiences in prison and in the courtroom in the form of a film script, as he tries to come to terms with the course his life has taken.

This book will help every district and all schools strengthen and continually improve their programs of family and community engagement.

The Perception of the Environment Tim Ingold, 2021-11-29 In this work Tim Ingold offers a persuasive new approach to understanding how human beings perceive their surroundings. He argues that what we are used to calling cultural variation consists, in the first place, of variations in skill. Neither innate nor acquired, skills are grown, incorporated into the human organism through practice and training in an environment. They are thus as much biological as cultural. To account for the generation of skills we have therefore to understand the dynamics of development. And this in turn calls for an ecological approach that situates practitioners in the context of an active engagement with the constituents of their surroundings. The twenty-three essays comprising this book focus in turn on the procurement of livelihood, on what it means to 'dwell', and on the nature of skill, weaving together approaches from social anthropology, ecological psychology, developmental biology and phenomenology in a way that has never been attempted before. The book is set to revolutionise the way we think about what is 'biological' and 'cultural' in humans, about evolution and history, and indeed about what it means for human beings – at once organisms and persons – to inhabit an environment. *The Perception of the Environment* will be essential reading not only for anthropologists but also for biologists, psychologists, archaeologists, geographers and philosophers. This edition includes a new Preface by the author.

**The Giver** Lois Lowry, 2014 Living in a perfect world without social ills, a boy approaches the time when he will receive a life assignment from the Elders, but his selection leads him to a mysterious man known as the Giver, who reveals the dark secrets behind the utopian facade.

*The Art of Cloth in Mughal India* Sylvia Houghteling, 2022-03-29 When a rich man in seventeenth-century South Asia enjoyed a peaceful night's sleep, he imagined himself enveloped in a velvet sleep. In the poetic imagination of the time, the fine dew of early evening was like a thin cotton cloth from Bengal, and woolen shawls of downy pashmina sent by the Mughal

emperors to their trusted noblemen approximated the soft hand of the ruler on the vassal's shoulder. Textiles in seventeenth-century South Asia represented more than cloth to their makers and users. They simulated sensory experience, from natural, environmental conditions to intimate, personal touch. The Art of Cloth in Mughal India is the first art historical account of South Asian textiles from the early modern era. Author Sylvia Houghteling resurrects a truth that seventeenth-century world citizens knew, but which has been forgotten in the modern era: South Asian cloth ranked among the highest forms of art in the global hierarchy of luxury goods, and had a major impact on culture and communication. While studies abound in economic history about the global trade in Indian textiles that flourished from the seventeenth to the nineteenth centuries, they rarely engage with the material itself and are less concerned with the artistic-and much less the literary and social-significance of the taste for cloth. This book is richly illustrated with images of textiles, garments, and paintings that are held in little-known collections and have rarely, if ever, been published. Rather than rely solely on records of European trading companies, Houghteling draws upon poetry in local languages and integrates archival research from unpublished royal Indian inventories to tell a new history of this material culture, one with a far more balanced view of its manufacture and use, as well as its purchase and trade--
