Dressing the Man Alan Flusser,2002-10-01 Dressing the Man is the definitive guide to what men need to know in order to dress well and look stylish without becoming fashion victims. Alan Flusser's name is synonymous with taste and style. With his new book, he combines his encyclopedic knowledge of men's clothes with his signature wit and elegance to address the fundamental paradox of modern men's fashion: Why, after men today have spent more money on clothes than in any other period of history, are there fewer well-dressed men than at any time ever before? According to Flusser, dressing well is not all that difficult, the real challenge lies in being able to acquire the right personalized instruction. Dressing well pivots on two pillars -- proportion and color. Flusser believes that Permanent Fashionability, both his promise and goal for the reader, starts by being accountable to a personal set of physical trademarks and not to any kind of random, seasonally served-up collection of fashion flashes. Unlike fashion, which is obliged to change each season, the face's shape, the neck's height, the shoulder's width, the arm's length, the torso's structure, and the foot's size remain fairly constant over time. Once a man learns how to adapt the fundamentals of permanent fashion to his physique and complexion, he's halfway home. Taking the reader through each major clothing classification step-by-step, this user-friendly guide helps you apply your own specifics to

a series of dressing options, from business casual and formalwear to pattern-on-pattern coordination, or how to choose the most flattering clothing silhouette for your body type and shirt collar for your face. A man's physical traits represent his individual road map, and the quickest route toward forging an enduring style of dress is through exposure to the legendary practitioners of this rare masculine art. Flusser has assembled the largest and most diverse collection of stylishly mantled men ever found in one book. Many never-before-seen vintage photographs from the era of Cary Grant, Tyrone Power, and Fred Astaire are employed to help illustrate the range and diversity of authentic men's fashion. Dressing the Man's sheer magnitude of options will enable the reader to expand both the grammar and verbiage of his permanent-fashion vocabulary. For those men hoping to find sartorial fulfillment somewhere down the road, tethering their journey to the mind-set of permanent fashion will deliver them earlier rather than later in life.

The Last Men on Top Susan Jacoby, 2013-04-23 A feminist—and the bestselling author of *The Age of American Unreason*—looks back at the last pre-feminist generation of men who supposedly had it all and asks: what exactly did they have? How fabulous was life for men in the 1950s and early 1960s? How real is the world depicted by a television show like *Mad Men*: a world where visibly successful males, so long as they supported their families and contributed to their firms' profitability, could have midday liaisons, impregnate secretaries, and pimp for clients with impunity? In this engaging, witty, and insightful reappraisal, Susan Jacoby challenges both versions of the story—narratives that either romanticize or demonize men's lives back in the good or bad (you choose) old days. She suggests that there were hidden economic and psychological costs that made this Rat Pack reality a fantasy, and she also shows why this illusion still holds sway in the worldview of many (including Republicans and social conservatives such as Mitt Romney) who continue to cherish, long for, and advocate for the days when a family lived on the man's paycheck, and the woman stayed at home where she belonged. Our most unsparing chronicler of unreason and an impassioned social provocateur who is always eager to skewer intellectual laziness and cultural myths, Jacoby comes to the unexpected rescue of the last generation of prefeminist men. An electronic dart of wit and insight.

The Clothing Man Charles Henry Tharp, 2012-03-20 This informative men's clothing book teaches men how to dress themselves and teaches others how to dress men. With encouraging words from some of the most successful men's retailers in the industry, such as Blake W. Nordstrom, President Nordstrom, Inc.; Jay Stein, CEO of Steinmart; George Zimmer, founder and CEO, Men's Wearhouse; John Esposito, Assistant to Calvin Klein; and Charles Fagan, Chief of Staff to Ralph Lauren, this eBook is 140 pages of original drawings and men's fashion knowledge that everyone can learn from.

Top 10 for Men Russell Ash, 2010-05-12 Men like lists. No, not the shopping lists that women make. Men like lists that tell them what they want to know: What are the highest mountains ever climbed? The most venomous snakes? The most valuable comic books? The most common first names of Playboy Playmates? The countries with the highest (male) life expectancy?

This entertaining follow-up to the best-selling Top 10 of Everything presents over 250 top-ten lists whose themes run the gamut from the speediest cars, to the hottest chilies, to the bestselling beers on the planet. Some lists are totally off the wall: the most popular pizza toppings, the mammals with the highest sperm counts, the female celebrities most often Googled. Films, crime, food, drink, music, babes, war: Top 10 for Men gives you the info you need to be the most interesting and entertaining guy around.
