Spencer Kagan, Patricia B. Kyle, Sally Scott

Building Classroom Discipline C. M. Charles, 1992

Every Student Can Succeed William Glasser, 2001

Discipline Without Stress, Punishments, Or Rewards Marvin Marshall, 2012 This second edition has the same content as the first edition but includes testimonials and additional submissions from teachers and parents. The Discipline without Stress® Teaching Model is used around the world. The non-coercive (yet non-permissive) approach to promoting responsible behaviour and motivation for learning is totally different from current approaches that use rewards for appropriate behaviour and coercive threats and punishments. The book can be used across the entire teaching spectrum -- in small childcare centres to large high schools and in rural, suburban and urban schools. It can be used in any home or youth setting.

Win-win Discipline Spencer Kagan, Patricia B. Kyle, Sally Scott, 2004 Win-win discipline is a fresh approach to classroom discipline. It is designed to help students acquire discipline-responsible behaviour patterns to meet their needs. Once this happens, their need for disruptive behaviour drops away.

Teacher's Petit Piaget C. M. Charles, 1974

Today's Best Classroom Management Strategies C. M. Charles, 2008 This text presents ten proven strategies that enable teachers to develop and implement high quality systems of classroom discipline that increase student responsibility and ethical behavior. The contents of the text are organized to address two major tasks that lead to highly effective discipline. The first task, which is addressed before the year or term begins and put in place during the first week, involves initial implementation of an effective system of discipline to begin the year or term. The second task, accomplished over time after school begins, involves working with students and their parents and guardians to progressively enhance the discipline program.
