New Queer Cinema B. Ruby Rich, 2013-02-19 B. Ruby Rich designated a brand new genre, the New Queer Cinema (NQC), in her groundbreaking article in the Village Voice in 1992. This movement in film and video was intensely political and aesthetically innovative, made possible by the debut of the camcorder, and driven initially by outrage over the unchecked spread of AIDS. The genre has grown to include an entire generation of queer artists, filmmakers, and activists. As a critic, curator, journalist, and scholar, Rich has been inextricably linked to the New Queer Cinema from its inception. This volume presents her new thoughts on the topic, as well as bringing together the best of her writing on the NQC. She follows this cinematic movement from its origins in the mid-1980s all the way to the present in essays and articles directed at a range of audiences, from readers of academic journals to popular glossies and weekly newspapers. She presents her insights into such

NQC pioneers as Derek Jarman and Isaac Julien and investigates such celebrated films as *Go Fish*, *Brokeback Mountain*, *Itty Bitty Titty Committee*, and *Milk*. In addition to exploring less-known films and international cinemas (including Latin American and French films and videos), she documents the more recent incarnations of the NQC on screen, on the web, and in art galleries.

Places Far from Ellesmere Aritha Van Herk, 1990 Internationally acclaimed novelist Aritha van Herk takes geography and fiction and creates of them a georafictione♦a fiction mapped on the lines of geography, a geography following the course of fiction. A new reading of Tolstoy's tragic heroine Anna Karenina and a sojourn at Ellesmere Island come together, and the North becomes an incomparably beautiful place, a living, unread, feminine landscape.

A Select Collection of Old English Plays, Volume 6 Various Authors,

The Journals of Susanna Moodie Margaret Atwood, 2000-09-01 The landmark collaboration of two pre-eminent Canadian artists in an attractive, affordable format. As fledgling artists in their respective fields, Margaret Atwood and Charles Pachter were enthusiastic collaborators in a unique art form, the *livre d'artiste* – the marriage of original graphic work with literary text. Beginning in the mid-sixties, while both were still students, they worked together on five limited-edition handmade books, volumes of Atwood's poetry with Pachter's interpretive artwork. The culmination of their collaboration, the work that is considered their masterpiece, is *The Journals of Susanna Moodie*. In her reading of Susanna Moodie's chronicles of pioneer life in nineteenth-century Canada, Atwood found the haunting and timeless themes that still obsess us. The poems of *The Journals of Susanna Moodie* were first published in 1970 in a standard format. This sequence of poems is regarded as a classic, in addition to being connected with her later novel, *Alias Grace*. In 1980, Pachter was able to add his own vibrant, evocative images and create the version they had dreamt of: a hand-set, hand-printed illustrated limited edition of 120 numbered copies. This popular edition is a faithful re-creation of the original, accompanied by an introductory

memoir by Pachter, describing his friendship with Atwood and the creative process behind this breathtaking work, and a foreword by David Staines, who pays homage to Atwood, Pachter, and Moodie and their central places in our art and literature.

Dead Babies Martin Amis, 2011-01-26 If the Marquis de Sade were to crash one of P. G. Wodehouse's house parties, the chaos might resemble the nightmarishly funny goings-on in this novel from one of the most gifted novelists of his generation" (TIME). "Amis is a born comic novelist in the tradition that ranges from Dickens to Waugh.... [His] mercurial style...can rise to Joycean brilliance" —Newsweek Amis's version of the bleak and wrecky future that awaits a sex-and-drug-addicted society is...fizzing with style, [and] busy with verbal inventiveness. —Julian Barnes, best-selling author of *The Sense of an Ending* The residents of Appleseed Rectory have primed themselves both for a visit from a triad of Americans and a weekend of copious drug taking and sexual gymnastics. There's even a heifer to be slugged and a pair of doddering tenants to be ingeniously harassed. But none of these variously bright and dull young things has counted on the intrusion of dead babies—dreary spasms of reality. Or on the uninvited presence of a mysterious prankster named Johnny, whose sinister idea of fun makes theirs look like a game of backgammon.

The House of All Sorts Emily Carr, 2022-06-03 Emily Carr in this book talks about her challenging days as a landlady with the parade of tenants causing distractions on her passion as a painter. The Canadian painter and writer reiterate how the building she purchased for living in pursuit of her passion became a place where she cleaned up other people's mess. Filled with over 40 incredible stories that both the old and young will learn from.

The War Against Cliche Martin Amis, 2014-09-17 Is there anything that Martin Amis can't write about? In this virtuosic, career-spanning collection he takes on James Joyce and Elvis Presley, Nabokov and English football, Jane Austen and Penthouse Forum, William Burroughs and Hillary Clinton. But above all, Amis is concerned with literature, and with the deadly clichés—not only of the pen, but of the mind and the heart. In *The War Against Cliché*, Amis serves up fresh assessments of the classics and plucks neglected masterpieces off their dusty shelves. He tilts with Cervantes, Dickens and Milton, celebrates Bellow, Updike and Elmore Leonard, and deflates some of the most bloated reputations of the past three decades. On every page Amis writes with jaw-dropping felicity, wit, and a subversive brilliance that sheds new light on everything he touches.

The New Woman's Film Hilary Radner, 2017-01-20 With the chick flick arguably in decline, film scholars may well ask: what has become of the woman's film? Little attention has been paid to the proliferation of films, often from the independent sector, that do not sit comfortably in either the category of popular culture or that of high art—films that are perhaps the corollary of the middle-brow novel, or smart-chick flicks. This book seeks to fill this void by focusing on the steady stream of films about and for women that emerge out of independent American and European cinema, and that are designed to address

an international female audience. The new woman's film as a genre includes narratives with strong ties to the woman's film of classical Hollywood while constituting a new distinctive cycle of female-centered films that in many ways continue the project of second-wave feminism, albeit in a modified form. Topics addressed include: *The Bridges of Madison County* (Clint Eastwood, 1995); the feature-length films of Nicole Holofcener, 1996-2013; the film roles of Tilda Swinton; *Rachel Getting Married* (Jonathan Demme, 2008); *Blue Jasmine* (Woody Allen, 2013); *Frances Ha* (Noah Baumbach, 2012), *Belle* (Amma Asante, 2013), *Fifty Shades of Grey* (Sam Taylor-Johnson, 2015) and Jane Campion's *Top of the Lake* (Sundance Channel, 2013-).

The Heart of a Peacock Emily Carr, 2009-07-01 A collection of short stories about people and animals by the legendary Emily Carr that mingle the sad and the joyous, the cruel and the tender, in her unique style. *The Heart of a Peacock* is a collection of 51 short stories by the legendary writer and painter Emily Carr. The stories are arranged in themes such as her experiences with Native people, her adventures with various beloved creatures (particularly birds), her love of nature, and a whole section of stories about her mischievous pet monkey Woo. Together, they underline Emily Carr's place as a writer with the sharp yet tender eye of an artist, with a deep feeling for the tragedies of life and with a rich sense of the comic. *The Heart of a Peacock* has been in print ever since its publication in 1953, and, like her other books, has been read and loved by a couple of generations. The book is enhanced by seven of Carr's own line drawings of scenes from nature. Carr's first book, published in 1941, was titled *Klee Wyck*, won the Governor General's Literary Award for non-fiction. Her writing is vital and direct, aware and poignant, as well regarded today as when first published.

Streaming Wheeler Winston Dixon, 2013-05-01 Film stocks are vanishing, but the iconic images of the silver screen remain -- albeit in new, sleeker formats. Today, viewers can instantly stream movies on televisions, computers, and smartphones. Gone are the days when films could only be seen in theaters or rented at video stores: movies are now accessible at the click of a button, and there are no reels, tapes, or discs to store. Any film or show worth keeping may be collected in the virtual cloud and accessed at will through services like Netflix, Hulu, and Amazon Instant. The movies have changed, and we are changing with them. The ways we communicate, receive information, travel, and socialize have all been revolutionized. In *Streaming*, Wheeler Winston Dixon reveals the positive and negative consequences of the transition to digital formatting and distribution, exploring the ways in which digital cinema has altered contemporary filmmaking and our culture. Many industry professionals and audience members feel that the new format fundamentally alters the art, while others laud the liberation of the moving image from the imperfect medium of film, asserting that it is both inevitable and desirable. Dixon argues that the change is neither good nor bad; it's simply a fact. Hollywood has embraced digital production and distribution because it is easier, faster, and cheaper, but the displacement of older technology will not come without controversy. This groundbreaking book illuminates the challenges of preserving media in the digital age and explores

what stands to be lost, from the rich hues of traditional film stocks to the classic movies that are not profitable enough to offer in streaming formats. Dixon also investigates the financial challenges of the new distribution model, the incorporation of new content such as webisodes, and the issue of ownership in an age when companies have the power to pull purchased items from consumer devices at their own discretion. Streaming touches on every aspect of the shift to digital production and distribution. It explains not only how the new technology is affecting movies, music, books, and games, but also how instant access is permanently changing the habits of viewers and influencing our culture.

Jane Campion Hilary Radner, Alistair Fox, Irène Bessière, 2009 An innovative collection of original essays on Jane Campion, renowned female auteur filmmaker. In *Jane Campion: Cinema, Nation, Identity* a diverse group of contributors challenge the view that Campion's body of work lacks coherence or unity to instead examine the important characteristics and themes that underlie it. Editors Hilary Radner, Alistair Fox, and Irène Bessière have compiled rich, original scholarship on Campion's oeuvre to probe issues previously neglected by scholars--like her debt to New Zealand sources and her personal views of family dynamics--and those that benefit from additional insight--such as her place in the feminist filmmaking tradition. This volume also investigates Campion's distinct cinematic style in light of these issues to examine the source of her enduring cross-cultural and international appeal. Contributors in the first section explore the creation of subjectivity and identity in Campion's films, which include well-known works like *The Piano* and *Holy Smoke*, to trace the unique perspectives of Campion's characters and Campion herself as director. In the second section, essays analyze Campion's close relationship with literature and argue that the singular vision in her literary adaptations stems from her New Zealand background and her personal mythology. Contributors in the third section argue that while Campion devotes considerable attention to the evocation of feminine internal space, she also uses the symbolic potential of her external physical locations to register what is taking place in the inner life of her characters and reflect their search for personal fulfillment. A final group of essays presents a variety of responses to Campion's films, demonstrating that Campion is a highly personal and idiosyncratic director who nonetheless manages to fascinate viewers across a broad cultural spectrum. Taken together, contributors in *Jane Campion: Cinema, Nation, Identity* present a compelling analysis of Campion's status as a leading female filmmaker with close attention to her distinctive cinematic style and particular *mise-en-scène*. The collective nature of this volume will appeal to students and teachers of film, literature, and gender studies, as well as fans of Campion's work.

On-Demand Culture Chuck Tryon, 2013-07-18 The movie industry is changing rapidly, due in part to the adoption of digital technologies. Distributors now send films to theaters electronically. Consumers can purchase or rent movies instantly online and then watch them on their high-definition televisions, their laptops, or even their cell phones. Meanwhile, social media technologies allow independent filmmakers to raise money and sell their movies directly to the public. All of these changes contribute to an "on-demand culture," a shift that is radically altering film culture and contributing to a much more

personalized viewing experience. Chuck Tryon offers a compelling introduction to a world in which movies have become digital files. He navigates the complexities of digital delivery to show how new modes of access—online streaming services like YouTube or Netflix, digital downloads at iTunes, the popular Redbox DVD kiosks in grocery stores, and movie theaters offering digital projection of such 3-D movies as *Avatar*—are redefining how audiences obtain and consume motion picture entertainment. Tryon also tracks the reinvention of independent movies and film festivals by enterprising artists who have built their own fundraising and distribution models online. Unique in its focus on the effects of digital technologies on movie distribution, *On-Demand Culture* offers a corrective to address the rapid changes in the film industry now that movies are available at the click of a button.

High Concept Justin Wyatt, 2010-07-22 Steven Spielberg once said, I like ideas, especially movie ideas, that you can hold in your hand. If a person can tell me the idea in twenty-five words or less, it's going to make a pretty good movie. Spielberg's comment embodies the essence of the high concept film, which can be condensed into one simple sentence that inspires marketing campaigns, lures audiences, and separates success from failure at the box office. This pioneering study explores the development and dominance of the high concept movie within commercial Hollywood filmmaking since the late 1970s. Justin Wyatt describes how box office success, always important in Hollywood, became paramount in the era in which major film studios passed into the hands of media conglomerates concerned more with the economics of filmmaking than aesthetics. In particular, he shows how high concept films became fully integrated with their marketing, so that a single phrase (Just when you thought it was safe to go back in the water...) could sell the movie to studio executives and provide copy for massive advertising campaigns; a single image or a theme song could instantly remind potential audience members of the movie, and tie-in merchandise could generate millions of dollars in additional income.
