God's' Dog Jonathan Pageau,Matthieu Pageau,2022-11-15 Wander into the margins in this loose and epic exploration of the legend of Saint Christopher, the dog-headed warrior. God's' Dog marks a shift in storytelling, in which the end becomes the beginning and the monster carries the king into a new world. ...a striking, beautiful and intriguing piece of work: the kind of story we need more of in the world. *Supercharge Your Brain* James Goodwin,2022-01-04 The definitive guide to keeping your brain healthy for a long and lucid life, by one of the world's leading scientists in the field of brain health and ageing. The brain is our most vital and complex organ. It controls and coordinates our actions, thoughts and interactions with the world around us. It is the source of personality, of our sense of self, and it shapes every aspect of our human experience. Yet most of us know precious little about how our brains actually work, or what we can do to optimise their performance. Whilst cognitive decline is the biggest long-term health worry for many of us, practical knowledge of how to look after our brain is thin on the ground. In this ground-breaking new book, leading expert Professor James Goodwin explains how simple strategies concerning exercise, diet, social life, and sleep can transform your brain health paradigm, and shows how you can keep your brain youthful and stay sharp across your life. Combining the latest scientific research with insightful storytelling and practical advice, *Supercharge Your Brain* reveals everything you need to know about how your brain functions, and what you can do to keep it in peak condition.
