Excavate! Tessa Norton, Bob Stanley, 2021-03-30 THE LOUDER THAN WAR #1 BOOK OF THE YEAR A ROUGH TRADE, THE TIMES, MOJO, UNCUT, THE HERALD BOOK OF THE YEAR This is not a book about a rock band. This is not even a book about Mark E Smith. This is a book about The Fall group - or more precisely, their world. 'To 50,000 Fall Fans: please buy this inspired & inspiring, profound & provocative, beautiful & bonkers Book of Revelations.' DAVID PEACE 'Mind blowing . . . there is so much to enjoy in this brilliant book.' TIM BURGESS 'A container sized treasure trove . . . I strongly advise you to buy it.' MAXINE PEAKE 'The most wonderful, unashamedly intellectual, pretentious, ridiculous, exciting hymn to this incredible group.' ANDY MILLER, BACKLISTED Over a prolific forty-year career, the Fall created a world that was

influential, idiosyncratic and fiercely original - and defied simple categorisation. Their frontman and lyricist Mark E. Smith spun opaque tales that resisted conventional understanding; the Fall's worldview was an education in its own right. Who wouldn't want to be armed with a working knowledge of M. R. James, shipping-dock procedures, contemporary dance, Manchester City and Can? The group inspired and shaped the lives of those who listened to and tried to make sense of their work. Bringing together previously unseen artwork, rare ephemera and handwritten material, alongside essays by a slate of fans, EXCAVATE! is a vivid, definitive record - an illumination of the dark corners of the Fall's wonderful and frightening world.

Launch! Advertising and Promotion in Real Time Michael Solomon, 2009 Launch! Advertising and Promotion is written for advertising and promotion courses taught to students in the business school and journalism & mass communication students. This textbook is the first of its kind to teach advertising concepts by reverse engineering a real advertising campaign from beginning to end. In April 2007, SS+K, an innovative New York City communications agency, launched the first ever branding campaign for msnbc.com with the tag A Fuller Spectrum of News. Launch! follows that campaign from initial agency pitch through roll-out of print and media assets to post-campaign analysis. Throughout, it exposes readers to the theory and concepts of advertising and promotion, and the personalities and decisions that drove this campaign. The book takes a rare look behind the curtain - even letting you see some of the paths not chosen by the agency and client. Students get a realistic sense of how theory plays out in practice, and get a flavor for the exciting field of

advertising and promotion. And, they consistently learn the perspectives of both the advertising agency (where many journalism and communications students will work) and the client (where many marketing majors will work). This is a unique book, with a unique perspective, by a unique author team, and you won't find this kind of insight in any other text on the market. We think you're going to love it! This textbook has been used in classes at: Ball State University, Emerson College, Florida Institute of Technology, Grand Valley State University, Johnson County Community College, Manchester Business School, McLennan Community College, Michigan State University, North Hennepin Community College, Pierce College, Rochester Institute of Technology, Saint Louis University, Salem State College, South Dakota State University, Texas State University, Texas Tech University, University of New Hampshire, University of North Carolina, University of Notre Dame, University of South Florida, Virginia Tech, Western Kentucky University.

The Way of Ignorance Wendell Berry, 2010-05 The continuing war in Iraq, Hurricane Katrina, the political sniping engendered by the Supreme Court nominations, Terry Schiavo - contemporary American society is characterized by divisive anger, profound loss, and danger. Wendell Berry, one of the country's foremost cultural critics, addresses the menace, responding with hope and intelligence in a series of essays that tackle the major questions of the day. Whose freedom are we considering when we speak of the "free market" or "free enterprise?" What is really involved in our National Security? What is the price of ownership without affection? Berry answers in prose that shuns abstraction for clarity, coherence, and passion, giving us essays that may be the finest of his long career.

Cloud Atlas David Mitchell, 2010-07-16 By the New York Times bestselling author of *The Bone Clocks* | Shortlisted for the Man Booker Prize A postmodern visionary and one of the leading voices in twenty-first-century fiction, David Mitchell combines flat-out adventure, a Nabokovian love of puzzles, a keen eye for character, and a taste for mind-bending, philosophical and scientific speculation in the tradition of Umberto Eco, Haruki Murakami, and Philip K. Dick. The result is brilliantly original fiction as profound as it is playful. In this groundbreaking novel, an influential favorite among a new generation of writers, Mitchell explores with daring artistry fundamental questions of reality and identity. *Cloud Atlas* begins in 1850 with Adam Ewing, an American notary voyaging from the Chatham Isles to his home in California. Along the way, Ewing is befriended by a physician, Dr. Goose, who begins to treat him for a rare species of brain parasite. . . . Abruptly, the action jumps to Belgium in 1931, where Robert Frobisher, a disinherited bisexual composer, contrives his way into the household of an infirm maestro who has a beguiling wife and a nubile daughter. . . . From there we jump to the West Coast in the 1970s and a troubled reporter named Luisa Rey, who stumbles upon a web of corporate greed and murder that threatens to claim her life. . . . And onward, with dazzling virtuosity, to an inglorious present-day England; to a Korean superstate of the near future where neocapitalism has run amok; and, finally, to a postapocalyptic Iron Age Hawaii in the last days of history. But the story doesn't end even there. The narrative then boomerangs back through centuries and space, returning by the same route, in reverse, to its starting point. Along the way, Mitchell reveals how his disparate characters connect, how their fates intertwine, and how their souls drift across time like clouds across the sky. As wild as a videogame, as mysterious as a Zen koan, *Cloud Atlas* is an unforgettable tour de force that, like its incomparable author, has transcended its cult classic status to become a worldwide phenomenon.
