Why Women are So Mary Elizabeth Burroughs Roberts Smith Coolidge, Mary Roberts Coolidge, 1912

Vanity Fair's Women on Women Radhika Jones, David Friend, 2020-10-27 Looking back at the last thirty-five years of Vanity Fair stories on women, by women, with an introduction by the magazine's editor in chief, Radhika Jones Gail Sheehy on Hillary Clinton. Ingrid Sischy on Nicole Kidman. Jacqueline Woodson on Lena Waithe. Leslie Bennetts on Michelle Obama. And two Maureens (Orth and Dowd) on two Tinas (Turner and Fey). Vanity Fair's Women on Women features a selection of the best profiles, essays, and columns on female subjects written by female contributors to the magazine over the past thirty-five years. From the viewpoint of the female gaze come penetrating profiles on everyone from Gloria Steinem to Princess Diana to Whoopi Goldberg to essays on workplace sexual harassment (by Bethany McLean) to a post-#MeToo reassessment of the Clinton scandal (by Monica Lewinsky). Many of these pieces constitute the first draft of a larger cultural narrative. They tell a singular story about female icons and identity over the last four decades—and about the magazine as it has evolved under the editorial direction of Tina Brown, Graydon Carter, and now Radhika Jones, who has written a compelling introduction. When Vanity Fair's inaugural editor, Frank Crowninshield, took the helm of the magazine in 1914, his mission statement declared, "We hereby announce ourselves as determined and bigoted feminists." Under Jones's leadership, Vanity Fair continues the publication's proud tradition of highlighting women's voices—and all the many ways they define our culture.

The Women's Room Marilyn French, 2009-05-27 The twenty-one-million copy bestselling novel and provocative feminist classic that changed the world when it was first published in 1977 “With *The Women's Room*, Marilyn French joined Simone de Beauvoir, Ralph Ellison, and that very small group of writers whose words spark a movement.” —Gloria Steinem In the 1950s, many American women left education and professional advancement behind in order to marry, only to find themselves adrift and unable to support themselves after divorcing their husbands twenty years later. Some became destitute; a few went insane. But many went back to school in the heyday of the Women's Liberation movement, and were swept up in the promise of equality for both sexes. *The Women's Room* tells the story of one such woman: a suburban 1950s housewife named Mira who divorces her loathsome husband and returns to graduate school at Harvard. Loosely based on Marilyn French's own life, the story of Mira and her friends offers wry, piercing insight into the inner lives of a generation of American women. A powerful indictment of the patriarchal social norms of the time, it caused an uproar when it was first published in 1977, changing the course of the feminist movement forever. Today, it remains timely and eerily relevant—a courageous novel infused with revolutionary fervor that examines the world of hopeful believers looking for new truths.

Complicated Women Mick LaSalle, 2000 In the pre-Code Hollywood era, between 1929 and 1934, women in American cinema took lovers, had babies out of wedlock, got rid of cheating husbands. enjoyed their sexuality, led unapologetic careers, and, in general, acted the way many think women acted only after 1968. In July 1934, the draconian Production Code became the law in Hollywood and these modern women of the screen were banished, not to be seen again until the code was repealed three decades later. (Editor).

The Women Hilton Als, 1998-01-31 Daring and fiercely original, *THE WOMEN* is at once a memoir, a psychological study, a sociopolitical manifesto, and an incisive adventure in literary criticism. It presents a series of portraits that analyzes the role that sexual and racial identity play in the lives and work of a series of subjects chosen by the author. Among these subjects are his own mother and the mother of Malcolm X.

Why Women Are So Mary Roberts Coolidge, 2015-06-15 Excerpt from *Why Women Are So* These chapters are neither a defense nor an arraignment to womankind; they are, rather, a first-hand study of the ordinary, orthodox, middle-class women who have constituted the domestic type for more than a century; the exotic great lady and the morbid woman with a

grievance have alike been omitted. They try to answer the query: why are women so? Is the characteristic behavior which is called feminine an inalienable quality or merely an attitude of mind produced by the coercive social habits of past times? As a working hypothesis it is assumed that the women of the nineteenth century in America were for the most part what men expected them to be; modified only by the disintegrating, and at the same time reconstructive, forces of modern society. In other words, sex traditions rather than innate sex character have produced what is called feminine as distinguished from womanly behavior. A Full Moon of Women Ursule Molinaro, 1990 Subtitled 29 word portraits of notable women from different times and places, + 1 void of course, this book is a powerful, unsettling vision in the tradition of Anais Nin and Djuna Barnes of those heroines whose rebellious daring shaped the meaning of the feminine experience.
