Naked Ayana Byrd, Akiba Solomon, 2005-08-02 Provocative essays on body image by black women. Candid, witty, and insightful, *Naked* is a compelling collection of essays that captures what today's black women think about their bodies—from head to toe. Tackling such issues as hair texture, skin color, weight, and sexuality, it follows women on their paths to acceptance and enjoyment of their unique features...to a place where it doesn't matter how big the breasts or how long the legs, only what is in the heart. Includes contributions from women of all ages and walks of life, including such notables as: - Iyanla Vanzant - Jill Scott - Kelis - Tracee Ellis Ross - Jill Nelson - Hilda Hutcherson - asha bandele - Melyssa Ford Edited by Ayana Byrd and Akiba Solomon Foreword by Sonia Sanchez

Troublemakers in Trousers Sarah Albee, 2022-10-25 Meet twenty-one women throughout history who broke fashion and norms to do something groundbreaking in this unique middle-grade collection that celebrates trailblazers and troublemakers. Girls and women have historically been denied access to work, been blocked from the arts, refused the opportunity to lead and fight, and much more, simply because of their gender. From Hatshepsut to Joan of Arc to Frida Kahlo, *Troublemakers in Trousers* highlights twenty-one women who, for different reasons, wore men's clothing, pretended to be men, and broke the rules in order to do something they wanted—or needed—to do. The perfect modern-day introduction to women throughout history who broke boundaries and pushed the limits set by society.

Skin Deep Marita Golden, Susan Shreve, 1996-07-01 Candid, poignant, provocative, and informative, the essays and stories in *Skin Deep* explore a wide spectrum of racial issues between black and white women, from self-identity and competition to childrearing and friendship. Eudora Welty contributes a bittersweet story of a one-hundred-year-old black woman whose spirit is as determined and strong as anything in nature. Bestselling author Naomi Wolf recalls her first exposure to racism growing up, examining the subtle forms it can take even among well-meaning people; bell hooks writes about the intersection between black women and feminist politics; and Joyce Carol Oates includes a one-act play in which racial stereotypes are reversed. Among the other writers featured in the collection are Toni Morrison, Alice Walker, Susan Straight, Mary Morris, and Beverly Lowry. A groundbreaking anthology that reveals surprising insights and hidden truths to a subject too often clouded by misperceptions and easy assumptions, *Skin Deep* is a major contribution to understanding our culture.

White Girl in Yoga Pants Melissa Scott, 2017-08-24 Melissa Scott has done a lot of yoga. Along the way, she's learned lessons about acceptance, overcoming, and inner strength. In *White Girl in Yoga Pants*, she meditates on those lessons and applies them to both the everyday and extraordinary experiences that make up the tapestry of life. With humor, vulnerability, and grace, she shares inspiring stories about using yoga to heal from an eating disorder and sexual assault. She discusses her frustrations and hopes for these divisive political times. She talks about the unique struggles women and yogis face in the social media age. And above all, she offers gratitude for the divine strength that keeps us all moving forward. Rooted in lessons from both on the mat and out in the world, this collection of essays is a love letter to the human spirit from one white girl in yoga pants.

Trappings Tiffany Ludwig, Renee Piechocki, 2007 The authors embark on an interview journey across the U.S. They talked with more than 500 women and girls, ages four through ninety-two who ranged from office workers to drag-kings, stay at home moms to attorneys.

Underneath It All Amber J. Keyser, 2018-03-01 For most of human history, the garments women wore under their clothes were hidden. The earliest underwear provided warmth and protection. But eventually, women's undergarments became complex structures designed to shape their bodies to fit the fashion ideals of the time. In the modern era, undergarments are out in the open, from the designer corsets Madonna wore on stage to Beyoncé's pregnancy announcement on Instagram. This feminist exploration of women's underwear reveals the intimate role lingerie plays in defining women's bodies, sexuality, gender identity, and body image. It is a story of control and restraint but also female empowerment and self-expression. You will never look at underwear the same way again.

Jiggle Wendy Burns-Ardolino, 2007-12-24 *Jiggle* spans the fields of women's studies, cultural studies, and media studies as it examines the significance of women's embodied experience with the most intimate strictures of femininity: foundation garments. Feminist theory of the body, the cultural production and consumption of fashion and beauty cultures, femininity and female subjectivity are woven together to tell the story of how women are shaped physically, culturally, socially and politically by shaping garments.

Nasty Women Samhita Mukhopadhyay, Kate Harding, 2017-10-03 Twenty-Three Leading Feminist Writers on Protest and Solidarity When 53 percent of white women voted for Donald Trump and 94 percent of black women voted for Hillary Clinton, how can women unite in Trump's America? *Nasty Women* includes inspiring essays from a diverse group of talented women writers who seek to provide a broad look at how we got here and what we need to do to move forward. Featuring essays by REBECCA SOLNIT on Trump and his "misogyny army," CHERYL STRAYED on grappling with the aftermath of Hillary Clinton's loss, SARAH HEPOLA on resisting the urge to drink after the election, NICOLE CHUNG on family and friends who support Trump, KATHA POLLITT on the state of reproductive rights and what we do next, JILL FILIPOVIC on

The Industrial Condition of Women and Girls in Honolulu: A Social Study Frances Blascoer, 2022-06-13 This study is the culmination of a five months survey of Honolulu's industrial conditions and how they impact the lives of working-class women and girls. Published in 1912, Frances Blascoer offers detailed insight and criticisms of the reality of life and social structures on the island of Hawaii. Alongside the spotlight on working women, there is a glimpse of tropical life on the island. Optimistic and written with passion, this fascinating account is still relevant today.

Red is the New Black Cathy Lynn Taylor, 2016-09-20 Red Is the New Black challenges the assumption that the Democratic Party is a girl's best friend. Red Is the New Black takes an in depth look at the major policy issues affecting all of us to unveil the core values that best empower today's women. It turns out that if we focus on values instead of arguing over ideas, there's a whole lot of common ground upon which women of all viewpoints can agree. Entrepreneur, media commentator, and former White House National Security Council Director Cathy Lynn Taylor shares how these core tenants have shaped her own decisions—and success—and should be shaping the policies that affect the daily lives of women. By combining her own personal anecdotes with hard-hitting research, Taylor powerfully illustrates a set of values that unite us and the policies that best support them.

The Sexual Mountain and Black Women Writers Calvin C. Hernton, 1987 A bold exploration of the controversial role that black women writers have played in the making of African-American literature from the best selling author of SEX AND RACISM IN AMERICA.

Romance with Voluptuousness Kamille Gentles-Peart, 2016-10-01 Offering a unique vantage point from which to view black women's body image and Caribbean migration, Romance with Voluptuousness illuminates how first- and second-generation immigrant black Caribbean women engage with a thick body aesthetic while living in the United States. Using personal accounts, Romance with Voluptuousness examines the ways in which black women with heritage in the English-speaking Caribbean participate in, perpetuate, and struggle with the voluptuous beauty standard of the black Caribbean while living in the hegemony of thinness cultivated in the United States. It highlights how black Caribbean women negotiate issues of body image deriving from both Caribbean and American pressures to maintain a particular body shape and contend

with discourses and practices surrounding the body that aim to marginalize and exclude them from economic, social, and political spaces. By focusing on diasporic Caribbean women's romance with voluptuousness, Kamille Gentles-Peart explores the transnational flow of beauty ideals and examines how ideas about beauty in the Caribbean diaspora help to shape the experiences of Caribbean black women in the United States.

Ms. and the Material Girls Catherine Gourley, 2008-01-01 Examines the symbols that defined perceptions of women during the 1970s through the 1990s and how they brought about major changes for women.

Huddle Brooke Baldwin, 2021-04-06 Wall Street Journal Bestseller CNN news anchor Brooke Baldwin explores the phenomenon of “huddling,” when women lean on one another—in politics, Hollywood, activism, the arts, sports, and everyday friendships—to provide each other support, empowerment, inspiration, and the strength to solve problems or enact meaningful change. Whether they are facing adversity (like workplace inequity or a global pandemic) or organizing to make the world a better place, women are a highly potent resource for one another. Through a mix of journalism and personal narrative, Baldwin takes readers beyond the big headline-making huddles from recent years (such as the Women’s March, #MeToo, Times Up, and the record number of women running for public office) and embeds herself in groups of women of all ages, races, religions and socio-economic backgrounds who are banding together in America. HUDDLE explores several stories including: The benefits of all-girls learning environments, such as Karlie Kloss’s Kode with Klossy and Reese Witherspoon’s Filmmaker Lab for Girls in which young women are given the freedom to make mistakes, and find their confidence. The tactics employed by huddles of women who work in male-dominated industries including a group of US veterans/Democratic Congresswomen, a huddle of African-American judges in Harris County, Texas, and an all-female writers room in Hollywood. The wisdom of huddling from trusted pioneers such as Gloria Steinem, Billie Jean King, and Madeleine Albright as well as contemporary trailblazers like Stacey Abrams and Ava DuVernay. How professionals such as Chef Dominique Crenn and sports agent Lindsay Colas use their success to amplify other women in their fields. The ways huddles of women are dedicated to making seismic change, including a look at Indigenous women saving the planet, the women who founded Black Lives Matter, the mothers fighting for sensible gun laws, America’s favorite female athletes (Megan Rapinoe, Hilary Knight, and Sue Bird to name a few) agitating for equal pay, and female teachers rallying to improve their working conditions. The bond between women who practice self-care and trauma healing together, including the women who courageously survived sexual abuse, and the women who heal together in *The Class* and *GirlTrek*. The ways women are becoming more intentional about the life-saving power of friendship, including the bonds between military wives, new moms, and nurses getting through the time of Covid. Throughout her examination of this fascinating huddle phenomenon, Baldwin learns about the periods of huddle ‘droughts’ in America, as well as the ways that Black women have been huddling for centuries. She also uncovers how huddling can be the “secret sauce” that makes many things possible for

women: success in the workplace, effective grassroots change, confidence in girlhood, and a better physical and mental health profile in adulthood. Along the way, Baldwin takes readers through her own personal journey of growing up in the South and climbing the ladder of a male-dominated industry. Like so many women in her field, she encountered many sharp elbows on her career path, but became an early believer in adding more seats to the table and huddling with other women for strength and solidarity. In the process of writing *HUDDLE*, Baldwin learns that this seemingly new phenomenon is actually something women have been doing for generations—a quiet, collective power she learns to unlock in her transformation from journalist to champion for women.

Hood Feminism Mikki Kendall, 2020-02-25 A NEW YORK TIMES BESTSELLER “The fights against hunger, homelessness, poverty, health disparities, poor schools, homophobia, transphobia, and domestic violence are feminist fights. Kendall offers a feminism rooted in the livelihood of everyday women.” —Ibram X. Kendi, #1 New York Times-bestselling author of *How to Be an Antiracist*, in *The Atlantic* “One of the most important books of the current moment.” —Time “A rousing call to action... It should be required reading for everyone.” —Gabrielle Union, author of *We’re Going to Need More Wine* A potent and electrifying critique of today’s feminist movement announcing a fresh new voice in black feminism Today’s feminist movement has a glaring blind spot, and paradoxically, it is women. Mainstream feminists rarely talk about meeting basic needs as a feminist issue, argues Mikki Kendall, but food insecurity, access to quality education, safe neighborhoods, a living wage, and medical care are all feminist issues. All too often, however, the focus is not on basic survival for the many, but on increasing privilege for the few. That feminists refuse to prioritize these issues has only exacerbated the age-old problem of both internecine discord and women who rebuff at carrying the title. Moreover, prominent white feminists broadly suffer from their own myopia with regard to how things like race, class, sexual orientation, and ability intersect with gender. How can we stand in solidarity as a movement, Kendall asks, when there is the distinct likelihood that some women are oppressing others? In her searing collection of essays, Mikki Kendall takes aim at the legitimacy of the modern feminist movement, arguing that it has chronically failed to address the needs of all but a few women. Drawing on her own experiences with hunger, violence, and hypersexualization, along with incisive commentary on reproductive rights, politics, pop culture, the stigma of mental health, and more, *Hood Feminism* delivers an irrefutable indictment of a movement in flux. An unforgettable debut, Kendall has written a ferocious clarion call to all would-be feminists to live out the true mandate of the movement in thought and in deed.

Hot & Heavy Virgie Tovar, 2012-10-30 In this fun, fresh, fat-positive anthology, fat activist and sex educator Virgie Tovar brings together voices from an often-marginalized community to talk about and celebrate their lives. *Hot & Heavy* rejects the idea that being thin is best, instead embracing the many fabulous aspects of being fat—building fat-positive spaces, putting together fat-friendly wardrobes, turning society’s rules into personal politics, and creating supportive, inclusive communities.

Writers, activists, performers, and poets—including April Flores, Alysia Angel, Charlotte Cooper, Jessica Judd, Emily Anderson, Genne Murphy, and Tigress Osborn—cover everything from fat go-go dancing to queer dating to urban gardening in their essays, exploring their experiences with the word “fat,” pinpointing particular moments that have impacted the way they think and feel about their bodies, and telling the story of how they each became fat revolutionaries. Ground-breaking and long overdue, *Hot & Heavy* is a fierce, sassy, thoughtful, authentic, and joyous collection of stories about unapologetically—and unconditionally—loving the body you’re in.

The Seven Necessary Sins for Women and Girls Mona Eltahawy, 2019-09-17 A bold and uncompromising feminist manifesto that shows women and girls how to defy, disrupt, and destroy the patriarchy by embracing the qualities they’ve been trained to avoid. Seizing upon the energy of the #MeToo movement, feminist activist Mona Eltahawy advocates a muscular, out-loud approach to teaching women and girls to harness their power through what she calls the “seven necessary sins” that women and girls are not supposed to commit: to be angry, ambitious, profane, violent, attention-seeking, lustful, and powerful. All the necessary “sins” that women and girls require to erupt. Eltahawy knows that the patriarchy is alive and well, and she is fed the hell up: Sexually assaulted during hajj at the age of fifteen. Groped on the dance floor of a night club in Montreal at fifty. Countless other injustices in the years between. Illuminating her call to action are stories of activists and ordinary women around the world—from South Africa to China, Nigeria to India, Bosnia to Egypt—who are tapping into their inner fury and crossing the lines of race, class, faith, and gender that make it so hard for marginalized women to be heard. Rather than teaching women and girls to survive the poisonous system they have found themselves in, Eltahawy arms them to dismantle it. Brilliant, bold, and energetic, *The Seven Necessary Sins for Women and Girls* is a manifesto for all feminists in the fight against patriarchy.
