Looking Good . . . Every Day Nancy Nix-Rice, 2014-09-01 Any woman can look and feel lovely, regardless of her age, bank balance, or pant size, and Looking Good . . . Every Day defines a simple yet sophisticated standard for women to determine exactly which clothes and accessories will showcase their unique beauty. The “points of connection” method explains that the more characteristics that exist in common between a woman and her outfit, the more lovely she will look. It shifts emphasis from hiding her perceived figure challenges and focuses on spotlighting her personal assets. By choosing wardrobe additions in this way, everything in her closet will work together. She has more outfits from fewer garments, allowing her to buy higher-quality garments without increasing her budget. Photography of real women—ranging from 22 to 80 years old and from size 4 to 24—illustrates the universal impact “points of connection” make in their appearance.

The Color Purple Alice Walker,2011-09-20 The Pulitzer Prize- and National Book Award-winning novel is now a new, boldly reimagined film from producers Oprah Winfrey and Steven Spielberg, starring Taraji P. Henson, Danielle Brooks, and Fantasia Barrino. A PBS Great American Read Top 100 Pick Celie has grown up poor in rural Georgia, despised by the society around her and abused by her own family. She strives to protect her sister, Nettie, from a similar fate, and while Nettie escapes to a new life as a missionary in Africa, Celie is left behind without her best friend and confidante, married off to an older suitor, and sentenced to a life alone with a harsh and brutal husband. In an attempt to transcend a life that often seems too much to bear, Celie begins writing letters directly to God. The letters, spanning 20 years, record a journey of self-discovery and empowerment guided by the light of a few strong women. She meets Shug Avery, her husband's mistress and a jazz singer with a zest for life, and her stepson's wife, Sofia, who challenges her to fight for independence. And though the many letters from Celie's sister are hidden by her husband, Nettie's unwavering support will prove to be the most breathtaking of all. The Color Purple has sold more than five million copies, inspired an Academy Award-nominated film starring Oprah Winfrey and directed by Steven Spielberg, and been adapted into a Tony-winning Broadway musical. Lauded as a literary masterpiece, this is the groundbreaking novel that placed Walker "in the company of Faulkner" (The Nation), and remains a wrenching—yet intensely uplifting—experience for new generations of readers. This ebook features a new introduction written by the author on the 25th anniversary of publication, and an illustrated biography of Alice Walker including rare photos from the author's personal collection. The Color Purple is the 1st book in the Color Purple Collection, which also includes The Temple of My Familiar and Possessing the Secret of Joy.

Dressing Modern Frenchwomen Mary Lynn Stewart, 2020-03-03 At a glance, high fashion and feminism seem unlikely partners. Between the First and Second World Wars, however, these forces combined femininity and modernity to create the new, modern French woman. In this engaging study, Mary Lynn Stewart reveals the fashion industry as an integral part of women's transition into modernity. Analyzing what female columnists in fashion magazines and popular women novelists wrote about the new silhouette, Stewart shows how bourgeois women feminized the more severe, masculine images that elite designers promoted to create a hybrid form of modern that both emancipated women and celebrated their femininity. She delves into the intricacies of marketing the new clothes and the new image to middle-class women and examines the nuts and bolts of a changing industry—including textile production, relationships between suppliers and department stores, and privacy and intellectual property issues surrounding ready-to-wear couture designs. *Dressing Modern Frenchwomen* draws from thousands of magazine covers, advertisements, fashion columns, and features to uncover and untangle the fascinating relationships among the fashion industry, the development of modern marketing techniques, and the evolution of the modern woman as active, mobile, and liberated.

Strengthening Forensic Science in the United States National Research Council,Division on Engineering and Physical Sciences,Committee on Applied and Theoretical Statistics,Policy and Global Affairs,Committee on Science, Technology, and Law,Committee on Identifying the Needs of the Forensic Sciences Community,2009-07-29 Scores of talented and dedicated people serve the forensic science community, performing vitally important work. However, they are often constrained by lack of adequate resources, sound policies, and national support. It is clear that change and advancements, both systematic and scientific, are needed in a number of forensic science disciplines to ensure the reliability of work, establish enforceable standards, and promote best practices with consistent application. *Strengthening Forensic Science in the United States: A Path Forward* provides a detailed plan for addressing these needs and suggests the creation of a new government entity, the National Institute of Forensic Science, to establish and enforce standards within the forensic science community. The benefits of improving and regulating the forensic science disciplines are clear: assisting law enforcement officials, enhancing homeland security, and reducing the risk of wrongful conviction and exoneration. *Strengthening Forensic Science in the United States* gives a full account of what is needed to advance the forensic science disciplines, including upgrading of systems and organizational structures, better training, widespread adoption of uniform and enforceable best practices, and mandatory certification and accreditation programs. While this book provides an essential call-to-action for congress and policy makers, it also serves as a vital tool for law enforcement agencies, criminal prosecutors and attorneys, and forensic science educators.
