Selling Women Short Liza Featherstone, 2009-04-20 On television, Wal-Mart employees are smiling women delighted with their jobs. But reality is another story. In 2000, Betty Dukes, a fifty-two-year-old black woman in Pittsburg, California, became the lead plaintiff in *Dukes v. Wal-Mart Stores*, a class action, representing 1.6 million women. In her explosive investigation of this historic lawsuit, journalist Liza Featherstone reveals how Wal-Mart, a self-styled family-oriented, Christian company: Deprives women (but not men) of the training they need to advance. Relegates women to lower-paying jobs like selling baby clothes, reserving the more lucrative positions for men. Inflicts punitive demotions on employees who object to discrimination. Exploits Asian women in its sweatshops in Saipan, a U.S. commonwealth. Featherstone goes on to reveal the creative solutions that Wal-Mart workers around the country have found, like fighting for unions, living-wage ordinances, and childcare options. *Selling Women Short* combines the personal stories of these employees with superb investigative journalism to show why women who work these low-wage jobs are getting a raw deal, and what they are doing about it. A new preface to the paperback edition will reflect on Wal-Mart's response to this lawsuit and its critics-including this one.

A Novel of Shorts: The Woman No One Sees Leah McNaughton Lederman, 2020-02-09 These nine stories are pieces to a lenticular puzzle. Taken together, they reveal the story of Esther, the endearing but deranged cleaning woman. She exists after hours, in liminal spaces, continuously shrinking into the background even in this very book which tells her tale; she makes you wonder if she was ever even there. (She was.) Anywhere she cleans, Esther is sure to collect to find a keepsake for her collection, whether it's a memory, a keepsake, or just some dust. She'll make you think twice about what you leave behind.

Not All Women Wear Hot Pants, Some Carry Guns Kd Campbell, 2018-01-22 This book is a collection of 5 short stories, charged up with the energy of a woman scorned, a woman reborn, a woman realizing her power, a woman taking control, a woman seeking revenge and protecting the lives of the innocent. Wild Women Sue Thomas, 1994-04 Stories about women for women. The collection is divided into such categories as Initiation and Righteous Rage. The stories range from rape and murder, to women using brains and guile to have their way with men.

Scribbling Women & the Short Story Form Ellen Burton Harrington, 2008 «America is now wholly given over to a d-d mob of scribbling women, and I should have no chance of success while the public taste is occupied with their trash...» Taking Hawthorne's famous 1855 complaint about women writers as a starting point for consideration, *Scribbling Women and the Short Story Form* is a collection of fourteen critical essays about the short fiction of British and American women writers. This anthology takes a feminist approach, examining the liberating possibilities for women writers of the form of the short story, a genre often associated with alienation or subversion (the writer Frank O'Connor describes the form as marginal or «outlaw»). Covering the work of selected women writers from the 1850s through the late twentieth century, this collection includes essays on well-known authors such as Rebecca Harding Davis, Louisa May Alcott, Kate Chopin, Katherine Anne Porter, Flannery O'Connor, Cynthia Ozick, and Ursula K. Le Guin, alongside essays on Harriett Prescott Spofford, Ruth Stewart, L. T. Meade, Alice Dunbar-Nelson, Zitkala-Sa, Sui Sin Far, and Lydia Davis, less-known authors whose stories offer rich ground for consideration.

British Women Short Story Writers Emma Young, 2015-06-30 Essays tracing the evolving relationship between British women writers and the short story genre from the late Nineteenth Century to the present day. What is the relationship between the British woman writer and the short story? This collection examines what this versatile genre offers women writers, and what this can tell us about the society and culture they inhabit. From the rise of the modern printing press at the end of the Nineteenth Century through to the present digital age, these essays examine how the short story has been deployed and reworked by women writers and how they have influenced and shaped the genre's development. Considering the effect of literary inheritances, societal and cultural change, and shifting publishing demands, this collection traces the evolution of the genre through to its continued appeal to women writing today. From the New Woman to contemporary feminisms, women's anthologies to microfiction, modernist writers to the contemporary works of Sarah Hall and Helen Simpson, the chapters in this collection investigate a crucial yet under-examined field of British literature. Key Features and Benefits 12 chapters discussing a range of gender and genre issues since the fin-de-siècle to the present day. Sets out a clear trajectory to map both the historical and literary connections and divergences between British women short story writers. Offers a comprehensive account of the genre's development to provide scholars with a unique insight into a largely neglected aspect of women's writing. Includes new readings of canonical authors alongside more recent theoretical approaches, innovations and lesser-discussed writers.

American Women Short Story Writers Julie Brown, 2014-05-01 This collection of original and classic essays examines the contributions that female authors have made to the short story. The introductory chapter discusses why genre critics have ignored works by women and why feminist scholars have ignored the short story genre. Subsequent chapters discuss early stories by such authors as Lydia Maria Child and Rose Terry Cooke. Others are devoted to the influences (race, class, sexual orientation, education) that have shaped women's short fiction through the years. Women's special stylistic, formal and thematic concerns are also discussed in this study. The final essay addresses the ways our contemporary creative-writing classes are stifling the voices of emerging young female authors. The collection includes an extensive five-part bibliography.

Scribbling Women Elaine Showalter, 1997 From the Publisher: A new mother longing to write is judged hysterical and confined to her bedroom where she slowly loses herself in horrific fantasy. A young girl stirred by two beings--a handsome young man and an ethereal white heron--is forced to make a choice between them. A love affair quashed by convention ignites during a sudden storm. These tales of remarkable and ordinary lives in nineteenth-century America are told throughout women's voices that call out from the kitchen hearth, the solitary room, the prison cell. Stories by Louisa May Alcott, Willa Cather, Kate Chopin, and Edith Wharton, as well as by others less familiar, reveal a universe of emotions hidden beneath parochial scenes. American writers claimed the short story as their national genre in the nineteenth century, and women writers made it the most important outlet for their particular experiences. A unique selection, with an introduction,

notes, selected criticism, and a chronology of the authors' lives and times.

Modernist Short Fiction by Women Claire Drewery, 2016-04-15 Taking on the neglected issue of the short story's relationship to literary Modernism, Claire Drewery examines works by Katherine Mansfield, Dorothy Richardson, May Sinclair, and Virginia Woolf. Drewery argues that the short story as a genre is preoccupied with transgressing boundaries, and thus offers an ideal platform from which to examine the Modernist fascination with the liminal. Embodying both liberation and restriction, liminal spaces on the one hand enable challenges to traditional cultural and personal identities, while on the other hand they entail the inevitable negative consequences of occupying the position of the outsider: marginality, psychosis, and death. Mansfield, Richardson, Sinclair, and Woolf all exploit this paradox in their short fiction, which typically explores literal and psychological borderline states that are resistant to rational analysis. Thus, their short stories offered these authors an opportunity to represent the borders of unconsciousness and to articulate meaning while also conveying a sense of that which is unsayable. Through their concern with liminality, Drewery shows, these writers contribute significantly to the Modernist aesthetic that interrogates identity, the construction of the self, and the relationship between the individual and society.

Nineteenth-Century Short Stories by Women Harriet Devine Jump, 2002-01-04 This anthology brings together twenty-eight lively and readable short stories by nineteenth-century women writers, including gothic tales to romances, detective fiction and ghost stories. Containing short fiction by well-known authors such as: * Maria Edgeworth * Mary Shelley * Elizabeth Gaskell * Margaret Oliphant *Nineteenth-Century Short Stories by Women* also includes: * a scholarly introduction * biographies for each of the authors * full explanatory notes and suggestions for further reading * a critical commentary, publication details and historical context * a full and wide-ranging bibliography The bibliography of resources and further reading will enable those interested in pursuing research on any author or topic to do so with ease, and a thematic index will enable teachers to select material best suited to their courses.

British Women Writers and the Short Story, 1850-1930 K. Krueger, 2014-03-30 This book addresses a critically

neglected genre used by women writers from Gaskell to Woolf to complicate Victorian and modernist notions of gender and social space. Their innovative short stories ask Britons to reconsider where women could live, how they could be identified, and whether they could be contained.

British Women's Short Supernatural Fiction, 1860-1930 Victoria Margree, 2019-11-08 This book explores women's short supernatural fiction between the emergence of first wave feminism and the post-suffrage period, arguing that while literary ghosts enabled an interrogation of women's changing circumstances, ghosts could have both subversive and conservative implications. Haunted house narratives by Charlotte Riddell and Margaret Oliphant become troubled by uncanny reminders of the origins of middle-class wealth in domestic and foreign exploitation. Corpse-like revenants are deployed in Female Gothic tales by Mary Elizabeth Braddon and Edith Nesbit to interrogate masculine aestheticisation of female death. In the culturally-hybrid supernaturalism of Alice Perrin, the 'Marriage Question' migrates to colonial India, and psychoanalytically-informed stories by May Sinclair, Eleanor Scott and Violet Hunt explore just how far gender relations have really progressed in the post-First World War period. Study of the woman's short story productively problematises literary histories about the "golden age" of the ghost story, and about the transition from Victorianism to modernism.
