My Likeness Taken Joan L. Severa, 2005 During the nineteenth century - a time of great technical and cultural change - fashion was a cultivating force in the development of American society, influenced by one's social status, geographic location, and economic standing. My Likeness Taken is a collection of daguerreotype portraits of men, women, and children taken between 1840 and 1860. Selected from the top collections in the United States, each image is analyzed to clarify datable clothing and fashion components. With subjects from among the best-dressed members of society, these portraits - reproduced in full color - reflect the latest fashion developments, trends, and influences. For students of photographic and costume history, this is extraordinary material. Many of these images have never before been published, and Severa's keen analysis adds immeasurably to our understanding of the importance of dress in American society. Photo archivists and collectors, costume curators, social historians, material culturalists, and theater designers will find My Likeness Taken an invaluable resource.

The Joy of the Gospel Pope Francis, 2014-10-07 The perfect gift! A specially priced, beautifully designed hardcover edition of The Joy of the Gospel with a foreword by Robert Barron and an afterword by James Martin, SJ. "The joy of the gospel fills the hearts and lives of all who encounter Jesus... In this Exhortation I wish to encourage the Christian faithful to embark upon a new chapter of evangelization marked by this joy, while pointing out new paths for the Church's journey in years to come." - Pope Francis This special edition of Pope Francis's popular message of hope explores themes that are important for believers in the 21st century. Examining the many obstacles to faith and what can be done to overcome those hurdles, he emphasizes the importance of service to God and all his creation. Advocating for "the homeless, the addicted, refugees, indigenous peoples, the elderly who are increasingly isolated and abandoned," the Holy Father shows us how to respond to poverty and current economic challenges that affect us locally and globally. Ultimately, Pope Francis demonstrates how to

develop a more personal relationship with Jesus Christ, “to recognize the traces of God’s Spirit in events great and small.” Profound in its insight, yet warm and accessible in its tone, *The Joy of the Gospel* is a call to action to live a life motivated by divine love and, in turn, to experience heaven on earth. Includes a foreword by Robert Barron, author of *Catholicism: A Journey to the Heart of the Faith* and James Martin, SJ, author of *Jesus: A Pilgrimage*

Unknown No More Joanne Dearcopp,Christine Hill Smith,2021-07-29 Thanks in part to the Ken Burns documentary The Dust Bowl, Sanora Babb is perhaps best known today for her novel Whose Names Are Unknown (2004), which might have been published in 1939 had her publisher not thought the market too small for two Dust Bowl novels, hers and Steinbeck's The Grapes of Wrath. Into the twenty-first century, Babb wrote and published lyrical prose and poetry that revealed her prescient ideas about gender, race, and the environment. The essays collected in Unknown No More recover and analyze her previously unrecognized contributions to American letters. Editors Joanne Dearcopp and Christine Hill Smith have assembled a group of distinguished scholars who, for the first time in book-length form, explore the life and work of Sanora Babb. This collection of pathbreaking essays addresses Babb's position within the literature of the Great Plains and American West, her leftist political odyssey as a card-carrying Communist who ultimately broke with the Party, and her ecofeminist leanings as reflected in the environmental themes she explored in her fiction and nonfiction. With literary sensibilities reminiscent of Willa Cather, Ralph Ellison, and Meridel LeSueur, Babb's work revealed gender-based, environmental, and working-class injustices from the Depression era to the late twentieth century. No longer unknown, Sanora Babb's life and work form a prism through which the peril and promise of twentieth-century America may be seen.

The Hellenistic Age Peter Green,2008-05-13 The Hellenistic Age chronicles the years 336 to 30 BCE, a period that witnessed the overlap of two of antiquity's great civilizations, the Greek and the Roman. Peter Green's remarkably far-ranging study covers the prevalent themes and events of those centuries: the Hellenization, by Alexander's conquests, of an

immense swath of the known world; the lengthy and chaotic partition of this empire by rival Macedonian bands; the decline of the city-state as the predominant political institution; and, finally, Rome's moment of transition from republican to imperial rule. It is a story of war and power-politics, and of the developing fortunes of art, science, and statecraft, spun by an accomplished classicist with an uncanny knack for infusing life into the distant past, and applying fresh insights that make ancient history seem alarmingly relevant to our own times. "Spectacular . . . [filled with] Mr. Green's critical acumen." -The Wall Street Journal "Green draws upon a lifetime of scholarship to brilliantly sum up the three-hundred-year Hellenistic age. . . Happily, this book's brevity-admirable in itself, and in its concision, elegance, and authority-isn't achieved at the expense of subtlety and complexity." -The Atlantic Monthly "An interesting and well-written overview . . . Students of world history are in Green's debt." -The Philadelphia Inquirer "Marvelous . . . splendid . . . a brilliant introduction to this crucial transitional period." -Publishers Weekly (starred review)
