Why Do They Dress That Way? Stephen Scott, 2008-09-01 This unique book, by a man who has chosen to dress plain, describes the history and use of hats, bonnets, dresses, overcoats, and other articles of clothing used by the various religious groups who wear plain garb. This is the first comprehensive book about why more than 150,000 persons in North America wear plain clothes for religious reasons. Who are the various people who dress plain? Where do they live? Why do they do it? Where did the plain pattern come from? Don't they ever change? Answers to some common objects to plain dress! Will plain dress survive? Authoritative, yet gentle in tone, this book will be of interest to many readers.

Looking Good . . . Every Day Nancy Nix-Rice, 2014-09-01 Any woman can look and feel lovely, regardless of her age, bank balance, or pant size, and *Looking Good . . . Every Day* defines a simple yet sophisticated standard for women to determine exactly which clothes and accessories will showcase their unique beauty. The “points of connection” method explains that the more characteristics that exist in common between a woman and her outfit, the more lovely she will look. It shifts emphasis from hiding her perceived figure challenges and focuses on spotlighting her personal assets. By choosing wardrobe additions in this way, everything in her closet will work together. She has more outfits from fewer garments, allowing her to buy higher-quality garments without increasing her budget. Photography of real women—ranging from 22 to 80 years old and

from size 4 to 24—illustrates the universal impact “points of connection” make in their appearance.

The No-Drop Zone Patrick Brady, 2011 The No-Drop Zone contains all the information necessary for new cyclists to gain the knowledge and skills to take them from buying their first bicycle to starting their first race. Cyclists learn how to handle the bike, perform minor maintenance, select clothing and accessories, join clubs, and find events. The book also covers every aspect of riding in a group, emphasizing such specific skills as how to avoid bumping into other riders when riding in close quarters and fixing a flat quickly enough to rejoin the group. Author Patrick Brady explores the particular pleasures that come from group riding, a unique experience at once social (talking with friends while riding), exciting (descending in a group), and exhilarating (finishing a long hill). Brady also details the enormous fitness benefits of riding in a group. The No-Drop Zone has all the knowledge a cyclist needs to move to that next level of skill.
