Women's Patronage and Gendered Cultural Networks in Early Modern Europe Adelina Modesti, 2019-12-10 This book examines the sociocultural networks between the courts of early modern Italy and Europe, focusing on the Florentine Medici court, and the cultural patronage and international gendered networks developed by the Grand Duchess of Tuscany, Vittoria della Rovere. Adelina Modesti uses Grand Duchess Vittoria as an exemplar of pan-European 'matronage' and proposes a new matrilineal model of patronage in the early modern period, one in which women become not only the mediators but also the architects of public taste and the transmitters of cultural capital. The book will be the first comprehensive monographic study

of this important cultural figure. This study will be of interest to scholars working in art history, gender studies, Renaissance studies and seventeenth-century Italy.

Star Wars: The Fallen Star (The High Republic) Claudia Gray, 2022-01-04 In this gripping sequel to Star Wars: The Rising Storm, the light of the Jedi faces its darkest hour. Time and again, the vicious raiders known as the Nihil have sought to bring the golden age of the High Republic to a fiery end. Time and again, the High Republic has emerged battered and weary, but victorious thanks to its Jedi protectors-and there is no monument to their cause grander than the Starlight Beacon. Hanging like a jewel in the Outer Rim, the Beacon embodies the High Republic at the apex of its aspirations: a hub of culture and

knowledge, a bright torch against the darkness of the unknown, and an extended hand of welcome to the furthest reaches of the galaxy. As survivors and refugees flee the Nihil's attacks, the Beacon and its crew stand ready to shelter and heal. The grateful Knights and Padawans of the Jedi Order stationed there finally have a chance to recover from the pain of their injuries and the grief of their losses. But the storm they thought had passed still rages; they are simply caught in its eye. Marchion Ro, the true mastermind of the Nihil, is preparing his most daring attack yet—one designed to snuff out the light of the Jedi.

Reel Inequality Nancy Wang Yuen, 2016-12-12 When the 2016 Oscar acting nominations all went to whites for the second consecutive year, #OscarsSoWhite became a trending topic. Yet these enduring racial biases afflict not only the Academy Awards, but also Hollywood as a whole. Why do actors of color, despite exhibiting talent and bankability, continue to lag behind white actors in presence and prominence? *Reel Inequality* examines the structural barriers minority actors face in Hollywood, while shedding light on how they survive in a racist industry. The book charts how white male gatekeepers dominate Hollywood, breeding a culture of ethnocentric storytelling and casting. Nancy Wang Yuen interviewed nearly a hundred working actors and drew on published interviews with celebrities, such as Viola Davis, Chris Rock, Gina Rodriguez, Oscar Isaac, Lucy Liu, and Ken Jeong, to explore how racial stereotypes categorize and constrain actors. Their stories reveal the day-to-day racism actors of color experience in talent agents' offices, at auditions, and on sets. Yuen also exposes sexist hiring and programming practices, highlighting the structural inequalities that actors of color, particularly women, continue to face in Hollywood. This book not only conveys the harsh realities of racial inequality in Hollywood, but also provides vital insights from actors who have succeeded on their own terms, whether by sidestepping the system or subverting it from within. Considering how their struggles impact real-world attitudes about race and diversity, *Reel Inequality* follows actors of color as they suffer, strive, and thrive in Hollywood.

TIP 35: Enhancing Motivation for Change in Substance Use Disorder Treatment (Updated 2019) U.S. Department of Health and Human Services, 2019-11-19 Motivation is key to substance use behavior change. Counselors can support clients' movement toward positive changes in their substance use by identifying and enhancing motivation that already exists. Motivational approaches are based on the principles of person-centered counseling. Counselors' use of empathy, not authority and power, is key to enhancing clients' motivation to change. Clients are experts in their own recovery from SUDs. Counselors should engage them in collaborative partnerships. Ambivalence about change is normal. Resistance to change is an expression of ambivalence about change, not a client trait or characteristic. Confrontational approaches increase client resistance and discord in the counseling relationship. Motivational approaches explore ambivalence in a nonjudgmental and

compassionate way.
