Oh No She Didn't Clinton Kelly, 2010-10-12 Muffin tops. Scrunchies. Suntan hose. Slut shoes. Visible panty line. Who hasn't had the unfortunate experience of witnessing—or (gasp!) actually wearing—one of these fashion disasters? The atrocities Clinton Kelly has seen—it's a surprise he hasn't gouged out his own eyes. Mom jeans? Fancy fingernails? Tracksuits? In the same straight-talking style that has made TLC's *What Not to Wear* a smash hit for eight seasons, the cheeky media personality and author of *Freakin' Fabulous* shows women how to outfit themselves with confidence and style as he pokes fun at fashion don'ts. From the most obvious faux pas (Texas tuxedos) to borderline offenses (peekaboo boobies), Clinton offers detailed and entertaining critiques of our top one hundred sartorial slip-ups. He turns his keen eye to wardrobe, color, cut, cleanliness, hairstyle, accessories, and even posture. And because he loves you, he presents easy alternatives and practical suggestions for creating fabulous outfits that will make you forget you ever wore socks with clogs. Clinton also explains how to use trends to your advantage at any age, from deciding which ones work for you to understanding how to wear them to keep your look relevant. Because if you're not comfortable in the sequined mini, everyone around you will know it. A delightful mix of hilarious dish and expert fashion advice, *Oh No She Didn't* will turn anyone from fashion victim to fashionista in no time.

Vanity Fair's Women on Women Radhika Jones, David Friend, 2020-10-27 Looking back at the last thirty-five years of *Vanity Fair* stories on women, by women, with an introduction by the magazine's editor in chief, Radhika Jones Gail Sheehy on Hillary Clinton. Ingrid Sischy on Nicole Kidman. Jacqueline Woodson on Lena Waithe. Leslie Bennetts on Michelle Obama. And two Maureens (Orth and Dowd) on two Tinas (Turner and Fey). *Vanity Fair's Women on Women* features a selection of the best profiles, essays, and columns on female subjects written by female contributors to the magazine over the past thirty-five years. From the viewpoint of the female gaze come penetrating profiles on everyone from Gloria Steinem to Princess Diana to Whoopi Goldberg to essays on workplace sexual harassment (by Bethany McLean) to a post-#MeToo reassessment

of the Clinton scandal (by Monica Lewinsky). Many of these pieces constitute the first draft of a larger cultural narrative. They tell a singular story about female icons and identity over the last four decades—and about the magazine as it has evolved under the editorial direction of Tina Brown, Graydon Carter, and now Radhika Jones, who has written a compelling introduction. When Vanity Fair's inaugural editor, Frank Crowninshield, took the helm of the magazine in 1914, his mission statement declared, "We hereby announce ourselves as determined and bigoted feminists." Under Jones's leadership, Vanity Fair continues the publication's proud tradition of highlighting women's voices—and all the many ways they define our culture.

Renegade Women in Film and TV Elizabeth Weitzman, 2019-02-05 A charmingly illustrated and timely tribute to the women who broke glass ceilings in film and television, debuting during an historic time of change in the entertainment industry. *Renegade Women in Film and TV* blends stunning illustrations, fascinating biographical profiles, and exclusive interviews with icons like Barbra Streisand, Rita Moreno, and Sigourney Weaver to celebrate the accomplishments of 50 extraordinary women throughout the history of entertainment. Each profile highlights the groundbreaking accomplishments and essential work of pioneers from the big and small screens, offering little-known facts about household names (Lucille Ball, Oprah Winfrey, Nora Ephron) and crucial introductions to overlooked pioneers (Alla Nazimova, Anna May Wong, Frances Marion). From 19th century iconoclast Alice Guy Blaché to 21st century trailblazer Ava DuVernay, *Renegade Women* honors the women who succeeded against all odds, changing their industry in front of the camera and behind the scenes.

Breasts Carolyn Latteier, 1998 *Breasts: The Women's Perspective on an American Obsession* describes and explores our national breast fetish, which is defined as a culturally constructed obsession that is deeply interwoven with beauty standards, breastfeeding practices, and sexuality. By tracing the complex history of this erotic fascination and discovering how it affects men's and women's sexuality and their relationships, this book will help women accept their breasts as they are and provide male readers with insight into how women think and feel about their bodies. This awareness will enable them to better understand and empathize with women's experiences as objects of a cultural fetish. Focusing on adult joys and anxieties about breasts, sex, and breastfeeding, this text uses research and expert opinions from several different fields, including psychology, anthropology, sociology, mythology, and sexology. You will find several other issues in *Breasts: The Women's Perspective on an American Obsession* that involve men's and women's struggles with this obsession, such as: breast implants human psychology and breasts beauty standards and breast sexuality how breasts are portrayed in mythology and art how ancient religions saw the breast as a sign of motherhood and giver of life breast men debates on how and why the breast evolved adolescent girls and breasts breast activists, such as La Leche League, who are proponents of breastfeeding in public Through personal interviews with men and women, *Breasts: The Women's Perspective on an American Obsession* also addresses women's pride and shame about their breasts and their confusion about the attention their breasts receive.

Ultimately, this exploration of breast obsession sheds light on our society's general fear of and ambivalence toward women's bodies. *Breasts: The Women's Perspective on an American Obsession* shows you that breasts have a venerable history and urges you to see beyond the contemporary standards of visual perfection to give you an overall sense of the female body's power and worth.

All Women Are Not the Same ,

Beauty Secrets Wendy Chapkis, 1986 *Beauty Secrets* explores the links between appearance, gender and sexuality; it empowers women to share the secrets of their relationship to imposed standards of beauty showing how women are constantly required to 'pass' by wrapping their 'unacceptable' and 'undisguised' selves in layers of conformity to acceptable beauty standards. -- back cover.

The Power of Beauty Nancy Friday, 2014-02-07 Reflections on how physical appearance, and beliefs about it, affect women's lives from a #1 bestselling author who's "enormously fun to read" (The New York Times). Beauty and appearance play a pervasive role in our culture. Here, the #1 New York Times-bestselling author of the groundbreaking, controversial bestseller *My Secret Garden* delves into beauty's influence on popular media and the psyche of modern women. Combining in-depth cultural analysis with personal anecdotes, sexology, and individual case studies, Nancy Friday explores the dissatisfaction women feel about their bodies—and how it affects their sexual freedom. Her analysis is broad-reaching, examining how popular culture, advertising, stereotypes of women in the workplace, the sexual liberation of the 1960s, and the dynamics of family relationships put pressure on women to live up to an impossible feminine ideal. Many Reasons Why Black Women Don't Wear Their Own Hair , To respect and protect the privacy of the black women he interviewed, the author chose not to disclose locations, names, and personal information in the book. He hopes you understand. The author saw something in black women from all over the world to include in Africa, in Asia, in America, in Australia, in Europe, even in Antarctica that caught his attention. No matter where black women resided on the planet, no matter where they were from, they wore the same hair, the same fake hair. So, he decided to write a book about it. He titled the book: *Many Reasons Why Black Women Don't Wear Their Own Hair*. He believes that it is not possibly what you think, as it provides answers from black women themselves. First, he wanted to make it clear that he is not against black women wearing different hair that is not their own, such as, weaves, extension, braids, wigs. This book is born from his curiosity and ambition to explore and discover those reasons. Second, he has his own opinions about these reasons. He could have just written this book and state what he believes those reasons are. Moreover, he could have released what his thoughts are. Instead of doing so, he decided that it would be wiser and smarter to not just write about what his own points of views were. He said to himself, "Why not go and ask black women about their hair? Why not go after the truth?" Such truths can only be

told and provided by black women themselves. He asserts that women who wear wigs, extensions, weaves, and braids may not like their own hair. Finally, he decided to interview one hundred black women from different locations around the world to find out the reasons why they don't wear their natural God-given hair. In fact, he received one hundred answers from one hundred black women he met and interviewed. He then combined their answers into twenty-three interviews in this book as many of the answers were the same. He believes this book may not cover all of the reasons why black women wear different hair. In contrast, he believes, the reader will be surprised to discover a variety of reasons why they don't wear their natural hair. He welcomes you to sit back, relax, and enjoy his interactions with these women.

Rapunzel's Daughters Rose Weitz, 2004 In *Rapunzel's Daughters*, Rose Weitz, a prominent sociologist, explores how and why hair matters so much in girls' and women's lives. She begins by surveying the history of women's hair, from the covered hair of the Middle Ages to the two-foot-high, wildly ornamented styles of pre-Revolutionary France to the purple dyes worn by some modern teens. Weitz examines - through interviews with dozens of girls and women across the country - what hair means today, to young girls and to women; how girls learn to consider it central to their identity; what part it plays in adolescent (and adult) struggles with identity and with romance; how it can create conflicts and opportunities in the workplace; and how women face the changes in their hair that illness and aging can bring.--BOOK JACKET. Huddle Brooke Baldwin, 2021-04-06 Wall Street Journal Bestseller CNN news anchor Brooke Baldwin explores the phenomenon of “huddling,” when women lean on one another—in politics, Hollywood, activism, the arts, sports, and everyday friendships—to provide each other support, empowerment, inspiration, and the strength to solve problems or enact meaningful change. Whether they are facing adversity (like workplace inequity or a global pandemic) or organizing to make the world a better place, women are a highly potent resource for one another. Through a mix of journalism and personal narrative, Baldwin takes readers beyond the big headline-making huddles from recent years (such as the Women’s March, #MeToo, Times Up, and the record number of women running for public office) and embeds herself in groups of women of all ages, races, religions and socio-economic backgrounds who are banding together in America. *Huddle* explores several stories including: The benefits of all-girls learning environments, such as Karlie Kloss’s Kode with Klossy and Reese Witherspoon’s Filmmaker Lab for Girls in which young women are given the freedom to make mistakes, and find their confidence. The tactics employed by huddles of women who work in male-dominated industries including a group of US veterans/Democratic Congresswomen, a huddle of African-American judges in Harris County, Texas, and an all-female writers room in Hollywood. The wisdom of huddling from trusted pioneers such as Gloria Steinem, Billie Jean King, and Madeleine Albright as well as contemporary trailblazers like Stacey Abrams and Ava DuVernay. How professionals such as Chef Dominique Crenn and sports agent Lindsay Colas use their success to amplify other women in their fields. The ways huddles of women are dedicated to making seismic change, including a look at Indigenous women saving the planet, the women who founded Black Lives Matter, the mothers fighting for sensible gun laws, America’s favorite female athletes (Megan Rapinoe, Hilary Knight, and Sue Bird to name a few) agitating for equal pay, and female teachers rallying to improve their working conditions. The bond between women who practice self-care and trauma healing together, including the women who courageously survived sexual abuse, and the women who heal together in *The Class* and *GirlTrek*. The ways

women are becoming more intentional about the life-saving power of friendship, including the bonds between military wives, new moms, and nurses getting through the time of Covid. Throughout her examination of this fascinating huddle phenomenon, Baldwin learns about the periods of huddle ‘droughts’ in America, as well as the ways that Black women have been huddling for centuries. She also uncovers how huddling can be the “secret sauce” that makes many things possible for women: success in the workplace, effective grassroots change, confidence in girlhood, and a better physical and mental health profile in adulthood. Along the way, Baldwin takes readers through her own personal journey of growing up in the South and climbing the ladder of a male-dominated industry. Like so many women in her field, she encountered many sharp elbows on her career path, but became an early believer in adding more seats to the table and huddling with other women for strength and solidarity. In the process of writing HUDDLE, Baldwin learns that this seemingly new phenomenon is actually something women have been doing for generations—a quiet, collective power she learns to unlock in her transformation from journalist to champion for women.

Cool Women Dawn Chipman, Mari Florence, Naomi Wax, 1998 Featuring images from real life, fiction, and pop culture, *Cool Women* is the thinking girl's guide to the hippest ladies in history. The mix of profiles is eclectic and creative enough to capture every girl's interest, from Catwoman to Amelia Earhart to Cleopatra. Color illustrations and photos.

Having It All? Veronica Chambers, 2007-12-18 A behind-the-scenes look into the lives of successful middle- and upper-middle class African American women, the groundbreaking *HAVING IT ALL?* is sure to spark discussions from cocktail parties to boardrooms. In a single generation, black women have made extraordinary strides academically, professionally, and financially. They've entered the workplace at a far greater rate than white women; increased their enrollment in law schools and graduate programs by 120 percent; and many are now running top companies, or in some cases, the country. Isn't that enough? Not necessarily. With sharp insight, award-winning journalist Veronica Chambers explores the challenges and stereotypes she and other African American women continue to endure, and answers the question most often posed to her: What does success mean for black women? Twenty-first century black women draw their inspiration from a wide range of sources: Claire Huxtable to Audrey Hepburn, snowboarding to basketball, Gloria Steinem to bell hooks. They choose what they like. Yet they are misunderstood by mainstream America and lack an accurate portrayal in the media of their lives. *HAVING IT ALL?* interweaves the thoughts and reflections of more than fifty women who occupy this territory. The voices range from Thelma Golden, chief curator of The Studio Museum in Harlem, to a Silicon Valley executive, to medical and legal professionals, and stay-at-home “mocha moms.” Successful black women today want it all: marriage, motherhood, engaging work, and prosperity. The difference is that they come to the table with the strength, courage and wisdom of black women ancestors who-did-it-all, even when they didn't-have-it-all. What has gone so undocumented by the media is that modern black women are coming up with creative, satisfying answers to the juggling act that all women face. Veronica Chambers

chronicles this topic for the first time in her absorbing, riveting and groundbreaking book **HAVING IT ALL?**

Airbrushed Nation Jennifer Nelson, 2012-10-30 Glamour. Cosmo. SELF. Ladies' Home Journal. Vogue. In an industry that has been in a downward spiral for years, these magazines—and other women—focused magazines like them—have not only retained their readership, they've increased it. Every month, five million-plus women peel back the slick cover of their favorite magazine to thumb through pages filled with tidings and advice about fashion, beauty, sex, relationships, dieting, health, and lifestyle. But do women's magazines offer valuable information, or do they merely peddle fluff and fantasy—and in either case, do women take their messages to heart? In **Airbrushed Nation**, Jennifer Nelson—a longtime industry insider—exposes the naked truth behind the glossy pages of women's magazines, both good and bad. Nelson delves deep into the world of glossies, explaining the ways in which these magazines have been positive for women, highlighting the ways in which their agendas have been misguided, and asking the questions that have long gone unasked: What do women think and believe about the retouched photos, the ubiquitous sex advice, the constant offensive on aging, and the fantasy fashion spreads featuring unaffordable clothing and accessories? Do the unrealistic ads, images, and ideals that permeate glossies damage women's self-esteem . . . and is it intentional?

Top Girls Caryl Churchill, 1982 Serious Comedy / Castin: 7f. with doubling / Ints. Marlene has been promoted to managing director of a London employment agency and is celebrating. The symbolic luncheon is attended by women in legend or history who offer perspectives on maternity and ambition. In a time warp, these ladies are also her co workers, clients and relatives. Marlene, like her famous guests, has had to pay a price to ascend from proletarian roots to the executive suite: she has become, figuratively speaking, a male oppressor and even coaches female clients on adopting odious male traits. Marlene has also abandoned her illegitimate and dull witted daughter. Her emotional and sexual life has become as barren as Lady Macbeth's. A blistering yet sympathetic look at women who achieve success by adopting the worse traits of self made men.... Truly original. N.Y. Times. Very funny and provocative.... A mind lifting experience. N.Y. Post.
