The Cambridge Companion to Women in Music since 1900 Laura Hamer,2021-05-06 This Companion explores women's work in music since 1900 across a broad range of musical genres and professions, including the classical tradition, popular music, and music technology. The crucial contribution of women to music education and the music industries features alongside their activity as composers and performers. The book considers the gendered nature of the musical profession, in areas including access to training, gendered criticism, sexualization, and notions of 'gender appropriate' roles or instruments. It covers a wide range of women musicians, such as Marin Alsop, Grace Williams, Billie Holiday, Joni Mitchell and Adele. Each thematic section concludes with a contribution from a practitioner in her own words, reflecting upon the impact of gender on her own career. Chapters include suggestions for further reading on each of the topics covered, providing an invaluable resource for students of Feminist Musicology, Women in Music, and Music and Gender.

Borrowing from Our Foremothers Amy Helene Forss,2021-12 Amy Helene Forss explores the suffragist and feminist movements' distinct public attributes and action strategies to establish connections between the generations of women's rights activists.

Molas Diana Marks, 2016-10-01 Molas, the distinctive blouses made and worn by Kuna women in Panama, are collected by thousands of enthusiasts as well as by anthropological museums all over the world. They are recognized everywhere as an identifier of the Kuna people and also of Panama. This book, based on original research, explores the origin of the mola in the early twentieth century, how it became part of the everyday dress of Kuna women, and its role in creating Kuna identity. Images drawn from more than twenty museums as well as private collections show the development of designs and techniques and highlight changes in the garment as an item of indigenous fashion. Applying an interdisciplinary approach—fusing historical, ethnographic, and material culture studies—author Diana Marks contributes to ongoing debates on cultural authenticity, the invention of traditions, and issues of gender and politics.
