**Classic Book Jackets** Thomas Stansfield Hansen,2005 Salter's life and work bridged two continents and cultures and spanned the political turmoil of the mid-twentieth century. He survived both world wars, the rise of National Socialism in Germany, and permanent exile in a new land, but nothing halted his tireless and brilliant design work. Classic Book Jackets tells Salter's story and describes the innovative thinking he brought to his clients and students (including his designation of seven jacket types that are still valid today). It includes more than two hundred reproductions of his finest works as well as a complete catalog of his jackets, designs, and lettering jobs for the book trade.--BOOK JACKET.

*For the Love of Books* Thatcher Wine,Elizabeth Lane,2020-06-02 A celebration of the meaning and comfort printed books bring to our homes and lives, from the curation and design experts at Juniper Books. Explore the significance of the home library, embellished with alluring photography and illustrations, in a keepsake worthy of any bibliophile's collection. For the Love of Books shares the vision of Juniper Books, a business that embraces the roles that books fulfill in our lives and their staying power. It recounts the history of books and private libraries, and champions the resilience of books in the digital era. Dive into the nuances that define books for reading, books for decoration, and books for inspiration. Instructive chapters provide useful details for creating and curating one's own home library, whether it be a single shelf or multiple rooms each with their own collection. You will never look at your bookshelves the same way again. For the Love of Books is about storytelling beyond the pages of our favorite books. Our books—the ones we choose to keep—tell the story of who we are. They remind us who we once were and who we aspire to be. Thatcher Wine founded Juniper Books in 2001. The company creates custom libraries and has perfected the art of turning books inside out to allow for books to tell stories not just to us, but about us. Working with booklovers, homeowners, and designers, Juniper Books has provided the world with a fresh new approach to the printed book. Thatcher grew up in New York City where his parents owned and operated The Quilted Giraffe, one of the most innovative restaurants in America. Thatcher graduated from Dartmouth College with a degree in history and

art history and lives in Boulder, Colorado. Elizabeth Lane is the founder of Quarterlane, a quarterly subscription book service which merged with Juniper Books in 2018. She is also the book buyer for her local independent bookstore, Partners Village Store and Kitchen in Westport, Massachusetts. Prior to working in books, Elizabeth worked in contemporary visual art—in galleries, nonprofit initiatives and museums in New York, Austin, and Chicago. Elizabeth graduated from Davidson College with a degree in art history and received her masters degree from the School of the Art Institute of Chicago.

**Jean Frost Jackets** Jean Frost, 2003 These 21 classic, designer inspired styles are the perfect fit. Comfortable to wear, easy to pack and fun to create. **Book-jackets** George Thomas Tanselle, 2011 Book-jackets (or dust-jackets, as they are often called), along with other detachable book coverings such as slip-cases, have been regularly used by publishers in the English-speaking world and some countries of the European continent since the early part of the nineteenth century. Historians of publishing practices, however, have not accorded them the scrutiny that one might have expected such a ubiquitous and noticeable phenomenon to receive. This illustrated book is intended as a compact introduction to the historical study of these objects, which -- though removable from the books they cover -- are essential parts of those books as published. The present work offers a concise history both of publishers' detachable book coverings (primarily British and American) and of the attention they have received from scholars, dealers, collectors, and librarians. It also surveys their use by publishers (as protective devices and advertising media) and their usefulness to scholars of literature, art, and book history (as sources for biography, bibliography, cultural analysis, and the development of graphic design). In effect, the book constitutes a plea for the preservation and cataloguing of this significant class of material, so that it will be available for future examination. Following the text is a list of some of the surviving pre-1901 examples of British and American publishers' printed book-jackets and other detachable coverings. This list, with 1,888 entries, is the outgrowth of a process the author began in 1969: he has kept a record of every pre-1901 jacket that he came across or learned about. Because surviving jackets from the nineteenth century are scarce (most having been thrown away by the original booksellers or purchasers of the books), and because the large majority of those that do survive are known in only a single copy, it is important to have a listing that indicates their whereabouts, or at least the basis for knowing that they exist or once existed. The list thus provides a guide to the body of evidence on which generalizations about the history of nineteenth-century jackets must be based, until more examples are reported. The book also contains two image sections: the first containing eight black-and-white plates, and the second containing sixteen color plates. G. Thomas Tanselle, former vice president of the John Simon Guggenheim Memorial Foundation and adjunct professor of English at Columbia University, is president of the Bibliographical Society of the University of Virginia and co-editor of the Northwestern-Newberry Edition of the writings of Herman Melville. He has

previously served as president of the Bibliographical Society of America, the Grolier Club, and the Society for Textual Scholarship. His books include Royall Tyler (1967), Guide to the Study of United States Imprints (1971), A Rationale of Textual Criticism (1989), Textual Criticism and Scholarly Editing (1990), The Life and Work of Fredson Bowers (1993), Literature and Artifacts (1998), Textual Criticism since Greg (2005), and Bibliographical Analysis (2009). His collection of American imprints is in the Beinecke Library at Yale, where his assemblage of nineteenth-century book-jackets will soon be placed as well.

*Yellow Jackets* Reggie Thornburg, 2016-04-19 It was 1947, and seventeen-year-old Pete Forsythe had just arrived in the seemingly sleepy town of Van Horn in southwest Texas. Abandoned by his mother, the Chicago-bred teen went about adapting to life with his stuffy, well-to-do aunt and uncle.

**A-2 and G-1 Flight Jackets : Hell-Bent for Leather** Nelson Derek Nelson Dave Parsons, Nostalgic black-and-white and period color photos depict the legendary Army Air Corps and Air Force jacket as worn by airmen in World War II and the Korean War. Anecdotes and a history of the jacket's service are accompanied by marvelous images of the hand-painted art that more often than not adorned the backs of these garments. \*This is a paperback re-issue of Hell Bent for Leather.\*

*Front Cover* Alan Powers, 2004-09-01 You can't judge a book by its cover...but some covers simply speak for themselves. The most influential book jacket designs from throughout the 20th century are on display, and the fascinating images track their evolution from throwaway utilitarian dust jackets into a powerful modern art form. Three hundred hardcover and paperback book jackets appear in full color, including many from rare first editions seldom seen outside a serious collector's library. Accompanying analysis commemorates the contributions of top European and American artists like Victor Gollancz, Paul Rand, and Barnett Freedman; explains how cover art styles helped launch such publishing brands as Penguin and Bloomsbury; and explores the impact of today's digitally designed covers.

**Love, Kisses, & Crazy White Jackets** Amelia Stephen, 2016-08-16 Not everyone meets their soul mate in their lifetime, but nobody expects to meet their soul mate when they're in the formative teen years. Growing up feeling invisible, Amelia meets a boy who sees her and makes her feel visible and special. From the first moment she looked into his eyes, she saw a

confused, sad, and chaotic soul, yet she had a peaceful acceptance of it. He soon becomes aggressive toward her, but she doesn't want to give up. Loving him felt right, but she found that staying with him was wrong. The pain of having to let go of the one soul who made her visible and whom she would forever feel connected to forever was a heart-wrenching decision she had to make. Years later, she receives a letter that doesn't excuse his actions but helps her understand why his soul was so sad, confused, and chaotic.

**Jackets** Maureen Goldsworthy, 1980-01-01

The Jacket Sue-Ellen Pashley, 2019-07 A beautiful jacket becomes woven into the lives of one ordinary family ... The jacket was no ordinary jacket. It was soft, like dandelion fluff. It was comforting, like a hug from your favourite teddy. And it had four dazzling buttons down the front ... Amelia wears her favourite jacket everywhere. She wears it to nursery. And to Auntie Kath's house. And to the shops. Even to bed! But, one day, she can't fit into it any more. So Mum suggests she give it to her little sister, Lily. And so, that way, the jacket lives on ...

**The Black Leather Jacket** Mick Farren, 1985

Custom Knit Jackets Jean Frost, 2011 With one master pattern, this resource guides knitters through creating 12 jacket silhouettes in five standard sizes, with four different weights of yarn. Reminiscent of the designer details that have made the Chanel jacket a signature piece for more than 50 years, the details in this book add professional finish to collars, pockets, fabrics, and hand-stitched silk lining. The process to create a perfect-fit jacket requires only simple math and graph paper. Using real-body examples, Jean Frost shows how to adjust patterns for narrow shoulders, long arms, short or long waist, a large bust, and other common fitting problems.

Jackets for Real People Marta Alto, Susan Neall, Pati Palmer, 2006 This new edition of a popular tailoring guide is double in size, adds color photography, and features new and speedier techniques that embrace fusible interfacing and an all-machine-sewn lining technique used in ready-to-wear. More than 700 photos and illustrations accompany instructions detailed enough to allow a beginner who has never taken a sewing class to glide through chapters on patterns and fabrics, proper cutting and marking, methods for pressing and seam finishing, and how-tos that ensure a perfect fit. The choice and tailoring of collars, buttonholes, pockets, and mitered back vents are shown to create individuality and flair, while special sections provide information about stripes and plaids, men's jackets, finishing touches, and helpful tools and notions.
