Clinton Kelly

Literary Divas Heather Covington, 2006 These divas represent the voices of past and future generations, such as Tyra Banks, Terry McMillan, Harriette Cole, Maya Angelou, Iyanla Vanzant, Nikki Giovanni, Dawn Davis, Adrienne Ingram, Carol Mackey, Oprah Winfrey, Rosa Parks, Shirley Chisholm, Coretta Scott King, Zora Neal Hurston, and Octavia Butler.

Oh No She Didn't Clinton Kelly, 2010-10-12 Muffin tops. Scrunchies. Suntan hose. Slut shoes. Visible panty line. Who hasn't had the unfortunate experience of witnessing—or (gasp!) actually wearing—one of these fashion disasters? The atrocities Clinton Kelly has seen—it's a surprise he hasn't gouged out his own eyes. Mom jeans? Fancy fingernails? Tracksuits? In the same straight-talking style that has made TLC's *What Not to Wear* a smash hit for eight seasons, the cheeky media personality and author of *Freakin' Fabulous* shows women how to outfit themselves with confidence and style as he pokes fun at fashion don'ts. From the most obvious faux pas (Texas tuxedos) to borderline offenses (peekaboo boobies), Clinton offers detailed and entertaining critiques of our top one hundred sartorial slip-ups. He turns his keen eye to wardrobe, color, cut, cleanliness, hairstyle, accessories, and even posture. And because he loves you, he presents easy alternatives and practical suggestions for creating fabulous outfits that will make you forget you ever wore socks with clogs. Clinton also explains how to use trends to your advantage at any age, from deciding which ones work for you to understanding how to wear them to keep your look relevant. Because if you're not comfortable in the sequined mini, everyone around you will know it. A delightful mix of hilarious dish and expert fashion advice, *Oh No She Didn't* will turn anyone from fashion victim to fashionista in no time.

Women of Color and Feminism (Large Print 16pt) Maythee Rojas, 2010-07 In this Seal Studies title, author and professor Maythee Rojas offers a look at the intricate crossroads of being a woman of color. *Women of Color and Feminism* tackles the question of how women of color experience feminism, and how race and socioeconomics can alter this experience. Rojas explores the feminist woman of color's identity and how it relates to mainstream culture and feminism. Featuring profiles of historical women of color (including Hottentot Venus, Josefa Loaiza, and Anna Mae Pictou-Aquash), a discussion of the arts, and a vision for developing a feminist movement built on love and community healing, Rojas examines the intersectional nature of being a woman of color and a feminist. Covering a range of topics, including sexuality, gender politics, violence, stereotypes, and reproductive rights, *Women of Color and Feminism* offers a far-reaching view of this multilayered identity.

This powerful study strives to rewrite race and feminism, encouraging women to "take back the body" in a world of new activism. *Women of Color and Feminism* encourages a broad conversation about race, class, and gender and creates a discourse that brings together feminism and racial justice movements.

Rapunzel's Daughters Rose Weitz, 2005-01-12 The first book to explore the role of hair in women's lives and what it reveals about their identities, intimate relationships, and work lives Hair is one of the first things other people notice about us--and is one of the primary ways we declare our identity to others. Both in our personal relationships and in relationships with the larger world, hair sends an immediate signal that conveys messages about our gender, age, social class, and more. In *Rapunzel's Daughters*, Rose Weitz first surveys the history of women's hair, from the covered hair of the Middle Ages to the two-foot-high, wildly ornamented styles of pre-Revolutionary France to the purple dyes worn by some modern teens. In the remainder of the book, Weitz, a prominent sociologist, explores--through interviews with dozens of girls and women across the country--what hair means today, both to young girls and to women; what part it plays in adolescent (and adult) struggles with identity; how it can create conflicts in the workplace; and how women face the changes in their hair that illness and aging can bring. *Rapunzel's Daughters* is a work of deep scholarship as well as an eye-opening and personal look at a surprisingly complex-and fascinating-subject.

Many Reasons Why Black Women Don't Wear Their Own Hair , To respect and protect the privacy of the black women he interviewed, the author chose not to disclose locations, names, and personal information in the book. He hopes you understand. The author saw something in black women from all over the world to include in Africa, in Asia, in America, in Australia, in Europe, even in Antarctica that caught his attention. No matter where black women resided on the planet, no matter where they were from, they wore the same hair, the same fake hair. So, he decided to write a book about it. He titled the book: *Many Reasons Why Black Women Don't Wear Their Own Hair*. He believes that it is not possibly what you think, as it provides answers from black women themselves. First, he wanted to make it clear that he is not against black women wearing different hair that is not their own, such as, weaves, extension, braids, wigs. This book is born from his curiosity and ambition to explore and discover those reasons. Second, he has his own opinions about these reasons. He could have just written this book and state what he believes those reasons are. Moreover, he could have released what his thoughts are. Instead of doing so, he decided that it would be wiser and smarter to not just write about what his own points of views were. He said to himself, "Why not go and ask black women about their hair? Why not go after the truth?" Such truths can only be told and provided by black women themselves. He asserts that women who wear wigs, extensions, weaves, and braids may not like their own hair. Finally, he decided to interview one hundred black women from different locations around the world to find out the reasons why they don't wear their natural God-given hair. In fact, he received one hundred answers from one hundred black women he met and interviewed. He then combined their answers into twenty-three interviews in this book as

many of the answers were the same. He believes this book may not cover all of the reasons why black women wear different hair. In contrast, he believes, the reader will be surprised to discover a variety of reasons why they don't wear their natural hair. He welcomes you to sit back, relax, and enjoy his interactions with these women.

Looking Good Margaret A. Lowe, 2003 Winner of the Bridgewater State College Class of 1950 Distinguished Faculty Research Award Toward the end of the nineteenth century, as young women began entering college in greater numbers than ever before, physicians and social critics charged that campus life posed grave hazards to the female constitution and women's reproductive health. A girl could study and learn, Dr. Edward Clarke warned in his widely read 1873 book *Sex in Education*, but she could not do all this and retain uninjured health, and a future secure from neuralgia, uterine disease, hysteria, and other derangements of the nervous system. For half a century, ideas such as Dr. Clarke's framed the debate over a woman's place in higher education almost exclusively in terms of her body and her health. For historian Margaret A. Lowe, this obsession offers one of the clearest expressions of the social and cultural meanings given to the female body between 1875 and 1930. At the same time, the college girl was a novelty that tested new ideas about feminine beauty, sexuality, and athleticism. In *Looking Good*, Lowe examines the ways in which college women at three quite different institutions—Cornell University, Smith College, and Spelman College—regarded their own bodies in this period. Contrasting white and black students, single-sex and coeducational schools, secular and religious environments, and Northern and Southern attitudes, Lowe draws on student diaries, letters, and publications; institutional records; and accounts in the popular press to examine the process by which new, twentieth-century ideals of the female body took hold in America.

All Women Are Not the Same ,

Women , 2015-10-20 “Rosetti’s illustrations are personalized affirmations of the rights of women. They congratulate the empowered, comfort the survivors, and present rebuttals to the oppressive comments that rain down upon women from the heights of the patriarchy.” —Bust The message we receive from the world is clear: we’re not good enough. We’re not skinny enough, pretty enough, smart enough. *Women* is all about accepting ourselves. Carol Rossetti asks us instead to say, “We’re not good enough—we’re even better.” Despite the progress we’ve made as a society, there is still a cruel and subtle gender

oppression that exists today—and many don't realize it's there. In response, Rossetti decided to draw women to focus on the issues we face. Her illustrations are of women who feel safe expressing themselves by showing the world their fashion, sexuality, relationships, religion, disabilities, and even traumatic experiences. Rossetti's commanding images belong on billboards and street corners and in schools and offices to remind us that our unique experiences and expressions should make us feel beautiful, intelligent, and proud. We have the power to embrace who we are and can stop trying so hard to please the rest of the world. Carol Rossetti and Women offer us a vision of who we can be.

Top Girls Caryl Churchill, 2008 The play opens with an anachronistic dinner party hosted by Marlene, the newly-promoted manager of the Top Girls employment agency. Her guests are five women from the past: a transvestite Pope, a courtesan-cum-nun, a tireless adventurer, an obedient wife from Chaucer and the leader of a charge into hell from a Bruegel painting. The feminist themes introduced by this cacophonous scene echo throughout the more contemporary action of the play, as Churchill uses the setting of the 'Top Girls' agency to allow a glimpse into the lives of several very different working women.

Sister Style Nadia E. Brown, Danielle Casarez Lemi, 2021-01-19 They don't think I'm viable, because I'm a Black woman with natural hair and no husband. This comment was made by Stacey Abrams shortly before the 2018 Democratic primary after she became the first Black woman to win a majority party's nomination for governor. Abrams' sentiment reflects the wider environment for Black women in politics, in which racist and sexist cultural ideas have long led Black women to be

demeaned and fetishized for their physical appearance. In *Sister Style*, Nadia E. Brown and Danielle Casarez Lemi argue that Black women's political experience and the way that voters evaluate them is shaped overtly by their skin tone and hair texture, with hair being a particular point of scrutiny. They ask what the politics of appearance for Black women mean for Black women politicians and Black voters, and how expectations about self-presentation differ for Black women versus Black men, White men, and White women. Black women running for office face pressure, often from campaign consultants and even close colleagues, to change their style in order to look more like White women. However, as this book shows, Black women candidates and elected officials react differently to these pressures depending on factors like age and incumbency. Moreover, Brown and Lemi delve into the ways in which Black voters react to Black female candidates based on appearance. They base their argument, in part, on focus groups with Black women candidates and elected officials, and show that there are generational differences that determine what sorts of styles Black women choose to adopt and to what extent they change their physical appearance based on external expectations.

Color Stories JeffriAnne Wilder, 2015 Race still matters. And for black women, the related issues of skin tone are just as important today as in decades past. Part cultural commentary, part empirical analysis, this book offers a compelling study and discussion of colorism--a widely discussed but understudied issue in post-racial America--that demonstrates how powerful a factor skin color remains in the everyday lives of young black women. Author JeffriAnne Wilder conducted interviews with dozens of young black women about the role of colorism in their everyday lives. Collectively, these findings offer a compelling empirical and theoretical analysis of colorism in key areas of 21st-century life, including within family and school settings, in the media, and in intimate relationships. The culmination of nearly two decades of the author's deep entrenchment in colorism studies, *Color Stories: Black Women and Colorism in the 21st Century* provides a new perspective on a controversial issue that has been a part of black culture and academic study for generations by exploring how the contemporary nature of colorism--from Facebook to the First Lady to Beyoncé--impacts the ideas and experiences of black women. This work serves as essential reading for anyone interested in learning more about the historical and contemporary significance of colorism in modern-day America, regardless of the reader's race, sex, or age.--Publisher's description.
