**Top 101 Remarkable Women** Britannica Educational Publishing, 2014-01-01 Women have faced oppression and gender inequality throughout history. Yet despite overwhelming odds stacked against them, there have always been a brave few who challenged the status quo and wound up making great strides in a wide variety of fields. From ancient times to the present day, women have broken down barriers and emerged as influential and important political leaders, activists, scientists, writers, artists, athletes, performers, and more. This volume chronicles the lives of many ground-breaking individuals—Cleopatra, Marie Curie, Amelia Earhart, Helen Keller, Harriet Tubman, and Oprah Winfrey among them—as well as the challenges they faced as they sought to improve the human condition.

Literary Divas Heather Covington, 2006 These divas represent the voices of past and future generations, such as Tyra Banks, Terry McMillan, Harriette Cole, Maya Angelou, Iyanla Vanzant, Nikki Giovanni, Dawn Davis, Adrienne Ingrum, Carol Mackey, Oprah Winfrey, Rosa Parks, Shirley Chisholm, Coretta Scott King, Zora Neal Hurston, and Octavia Butler.

**Oh No She Didn't** Clinton Kelly, 2010-10-12 Muffin tops. Scrunchies. Suntan hose. Slut shoes. Visible panty line. Who hasn't had the unfortunate experience of witnessing—or (gasp!) actually wearing—one of these fashion disasters? The atrocities Clinton Kelly has seen—it's a surprise he hasn't gouged out his own eyes. Mom jeans? Fancy fingernails? Tracksuits? In the same straight-talking style that has made TLC's *What Not to Wear* a smash hit for eight seasons, the cheeky media personality and author of *Freakin' Fabulous* shows women how to outfit themselves with confidence and style as he pokes fun at fashion don'ts. From the most obvious faux pas (Texas tuxedos) to borderline offenses (peekaboo boobies), Clinton offers detailed and entertaining critiques of our top one hundred sartorial slip-ups. He turns his keen eye to wardrobe, color, cut, cleanliness, hairstyle, accessories, and even posture. And because he loves you, he presents easy alternatives and practical suggestions for creating fabulous outfits that will make you forget you ever wore socks with clogs. Clinton also explains how to use trends to your advantage at any age, from deciding which ones work for you to understanding how to wear them to keep your look relevant. Because if you're not comfortable in the sequined mini, everyone around you will know it. A delightful mix of hilarious dish and expert fashion advice, *Oh No She Didn't* will turn anyone from fashion victim to fashionista in no time.

Vanity Fair's Women on Women Radhika Jones, David Friend, 2020-10-27 Looking back at the last thirty-five years of Vanity Fair stories on women, by women, with an introduction by the magazine's editor in chief, Radhika Jones Gail Sheehy on Hillary Clinton. Ingrid Sischy on Nicole Kidman. Jacqueline Woodson on Lena Waithe. Leslie Bennetts on Michelle Obama. And two Maureens (Orth and Dowd) on two Tinas (Turner and Fey). Vanity Fair's Women on Women features a selection of the best profiles, essays, and columns on female subjects written by female contributors to the magazine over the past thirty-five years. From the viewpoint of the female gaze come penetrating profiles on everyone from Gloria Steinem to Princess Diana to Whoopi Goldberg to essays on workplace sexual harassment (by Bethany McLean) to a post-#MeToo reassessment of the Clinton scandal (by Monica Lewinsky). Many of these pieces constitute the first draft of a larger cultural narrative. They tell a singular story about female icons and identity over the last four decades—and about the magazine as it has evolved under the editorial direction of Tina Brown, Graydon Carter, and now Radhika Jones, who has written a compelling introduction. When Vanity Fair's inaugural editor, Frank Crowninshield, took the helm of the magazine in 1914, his mission statement declared, "We hereby announce ourselves as determined and bigoted feminists." Under Jones's leadership, Vanity Fair continues the publication's proud tradition of highlighting women's voices—and all the many ways they define our culture.

**Top Girls** Caryl Churchill, 1982 A two act play for seven women.

Beauty Secrets Wendy Chapkis, 1986 Beauty Secrets explores the links between appearance, gender and sexuality; it empowers women to share the secrets of their relationship to imposed standards of beauty showing how women are constantly required to 'pass' by wrapping their 'unacceptable' and 'undisguised' selves in layers of conformity to acceptable beauty standards. -- back cover.

Many Reasons Why Black Women Don't Wear Their Own Hair , To respect and protect the privacy of the black women he

interviewed, the author chose not to disclose locations, names, and personal information in the book. He hopes you understand. The author saw something in black women from all over the world to include in Africa, in Asia, in America, in Australia, in Europe, even in Antarctica that caught his attention. No matter where black women resided on the planet, no matter where they were from, they wore the same hair, the same fake hair. So, he decided to write a book about it. He titled the book: *Many Reasons Why Black Women Don't Wear Their Own Hair*. He believes that it is not possibly what you think, as it provides answers from black women themselves. First, he wanted to make it clear that he is not against black women wearing different hair that is not their own, such as, weaves, extension, braids, wigs. This book is born from his curiosity and ambition to explore and discover those reasons. Second, he has his own opinions about these reasons. He could have just written this book and state what he believes those reasons are. Moreover, he could have released what his thoughts are. Instead of doing so, he decided that it would be wiser and smarter to not just write about what his own points of views were. He said to himself, "Why not go and ask black women about their hair? Why not go after the truth?" Such truths can only be told and provided by black women themselves. He asserts that women who wear wigs, extensions, weaves, and braids may not like their own hair. Finally, he decided to interview one hundred black women from different locations around the world to find out the reasons why they don't wear their natural God-given hair. In fact, he received one hundred answers from one hundred black women he met and interviewed. He then combined their answers into twenty-three interviews in this book as many of the answers were the same. He believes this book may not cover all of the reasons why black women wear different hair. In contrast, he believes, the reader will be surprised to discover a variety of reasons why they don't wear their natural hair. He welcomes you to sit back, relax, and enjoy his interactions with these women.

In Praise of Difficult Women Karen Karbo, 2018-02-27 From Frida Kahlo and Elizabeth Taylor to Nora Ephron, Carrie Fisher, and Lena Dunham, this witty narrative explores what we can learn from the imperfect and extraordinary legacies of 29 iconic women who forged their own unique paths in the world. Smart, sassy, and unapologetically feminine, this elegantly illustrated book is an ode to the bold and charismatic women of modern history. Best-selling author Karen Karbo (*The Gospel*

According to Coco Chanel) spotlights the spirited rule breakers who charted their way with little regard for expectations: Amelia Earhart, Helen Gurley Brown, Edie Sedgwick, Hillary Clinton, Amy Poehler, and Shonda Rhimes, among others. Their lives--imperfect, elegant, messy, glorious--provide inspiration and instruction for the new age of feminism we have entered. Karbo distills these lessons with wit and humor, examining the universal themes that connect us to each of these mesmerizing personalities today: success and style, love and authenticity, daring and courage. Being difficult, Karbo reveals, might not make life easier. But it can make it more fulfilling--whatever that means for you. In the Reader's Guide included in the back of the book, Karbo asks thought-provoking questions about how we relate to each woman that will make for fascinating book club conversation.

We Got Issues! **Rapunzel's Daughters** Rose Weitz,2004 In Rapunzel's Daughters, Rose Weitz, a prominent sociologist, explores how and why hair matters so much in girls' and women's lives. She begins by surveying the history of women's hair, from the covered hair of the Middle Ages to the two-foot-high, wildly ornamented styles of pre-Revolutionary France to the purple dyes worn by some modern teens. Weitz examines - through interviews with dozens of girls and women across the country - what hair means today, to young girls and to women; how girls learn to consider it central to their identity; what part it plays in adolescent (and adult) struggles with identity and with romance; how it can create conflicts and opportunities in the workplace; and how women face the changes in their hair that illness and aging can bring.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc. **All the Single Ladies** Rebecca Traister,2016-10-11 Today, only twenty percent of Americans are wed by age twenty-nine, compared to nearly sixty percent in 1960. The Population Reference Bureau calls it a 'dramatic reversal.' [This book presents a] portrait of contemporary American life and how we got here, through the lens of the single American woman, covering class, race, [and] sexual orientation, and filled with ... anecdotes from ... contemporary and historical figures--

**Huddle** Brooke Baldwin,2021-04-06 Wall Street Journal Bestseller CNN news anchor Brooke Baldwin explores the phenomenon of "huddling," when women lean on one another—in politics, Hollywood, activism, the arts, sports, and everyday friendships—to provide each other support, empowerment, inspiration, and the strength to solve problems or enact meaningful change. Whether they are facing adversity (like workplace inequity or a global pandemic) or organizing to make the world a better place, women are a highly potent resource for one another. Through a mix of journalism and personal narrative, Baldwin takes readers beyond the big headline-making huddles from recent years (such as the Women's March, #MeToo, Times Up, and the record number of women running for public office) and embeds herself in groups of women of all

ages, races, religions and socio-economic backgrounds who are banding together in America. HUDDLE explores several stories including: The benefits of all-girls learning environments, such as Karlie Kloss's Kode with Klossy and Reese Witherspoon's Filmmaker Lab for Girls in which young women are given the freedom to make mistakes, and find their confidence. The tactics employed by huddles of women who work in male-dominated industries including a group of US veterans/Democratic Congresswomen, a huddle of African-American judges in Harris County, Texas, and an all-female writers room in Hollywood. The wisdom of huddling from trusted pioneers such as Gloria Steinem, Billie Jean King, and Madeleine Albright as well as contemporary trailblazers like Stacey Abrams and Ava DuVernay. How professionals such as Chef Dominique Crenn and sports agent Lindsay Colas use their success to amplify other women in their fields. The ways huddles of women are dedicated to making seismic change, including a look at Indigenous women saving the planet, the women who founded Black Lives Matter, the mothers fighting for sensible gun laws, America's favorite female athletes (Megan Rapinoe, Hilary Knight, and Sue Bird to name a few) agitating for equal pay, and female teachers rallying to improve their working conditions. The bond between women who practice self-care and trauma healing together, including the women who courageously survived sexual abuse, and the women who heal together in *The Class* and *GirlTrek*. The ways women are becoming more intentional about the life-saving power of friendship, including the bonds between military wives, new moms, and nurses getting through the time of Covid. Throughout her examination of this fascinating huddle phenomenon, Baldwin learns about the periods of huddle 'droughts' in America, as well as the ways that Black women have been huddling for centuries. She also uncovers how huddling can be the "secret sauce" that makes many things possible for women: success in the workplace, effective grassroots change, confidence in girlhood, and a better physical and mental health profile in adulthood. Along the way, Baldwin takes readers through her own personal journey of growing up in the South and climbing the ladder of a male-dominated industry. Like so many women in her field, she encountered many sharp elbows on her career path, but became an early believer in adding more seats to the table and huddling with other women for strength and solidarity. In the process of writing HUDDLE, Baldwin learns that this seemingly new phenomenon is actually something women have been doing for generations—a quiet, collective power she learns to unlock in her transformation from journalist to champion for women.

Having It All? Veronica Chambers, 2007-12-18 A behind-the-scenes look into the lives of successful middle- and upper-middle class African American women, the groundbreaking *HAVING IT ALL?* is sure to spark discussions from cocktail parties to boardrooms. In a single generation, black women have made extraordinary strides academically, professionally, and financially. They've entered the workplace at a far greater rate than white women; increased their enrollment in law schools and graduate programs by 120 percent; and many are now running top companies, or in some cases, the country. Isn't that enough? Not necessarily. With sharp insight, award-winning journalist Veronica Chambers explores the challenges

and stereotypes she and other African American women continue to endure, and answers the question most often posed to her: What does success mean for black women? Twenty-first century black women draw their inspiration from a wide range of sources: Claire Huxtable to Audrey Hepburn, snowboarding to basketball, Gloria Steinem to bell hooks. They choose what they like. Yet they are misunderstood by mainstream America and lack an accurate portrayal in the media of their lives. *HAVING IT ALL?* interweaves the thoughts and reflections of more than fifty women who occupy this territory. The voices range from Thelma Golden, chief curator of The Studio Museum in Harlem, to a Silicon Valley executive, to medical and legal professionals, and stay-at-home “mocha moms.” Successful black women today want it all: marriage, motherhood, engaging work, and prosperity. The difference is that they come to the table with the strength, courage and wisdom of black women ancestors who-did-it-all, even when they didn’t-have-it-all. What has gone so undocumented by the media is that modern black women are coming up with creative, satisfying answers to the juggling act that all women face. Veronica Chambers chronicles this topic for the first time in her absorbing, riveting and groundbreaking book *HAVING IT ALL?*

*Cool Women* Dawn Chipman, Mari Florence, Naomi Wax, 1998 Featuring images from real life, fiction, and pop culture, *Cool Women* is the thinking girl's guide to the hippest ladies in history. The mix of profiles is eclectic and creative enough to capture every girl's interest, from Catwoman to Amelia Earhart to Cleopatra. Color illustrations and photos.
