**Breathe Easy** Donald A. Mahler, MD, 2017-06-06 Most people don't think about breathing; it is an automatic, unconscious act. However, the majority of those with asthma (26 million Americans); chronic obstructive pulmonary disease, or COPD (24 million Americans); or interstitial lung disease (1-2 million Americans) are aware of their shortness of breath because it interferes with work or other daily activities. As a result, these individuals seek medical attention for diagnosis and treatment. *Breathe Easy*, written by a pulmonologist, explains what constitutes normal breathing, what causes someone to feel short of breath, and what can be done to improve one's breathing. In chapters on asthma, COPD, and interstitial lung disease, Dr. Donald A. Mahler addresses the origins and treatments of these conditions, and offers advice for both standard and alternative therapies to breathe easy. Other chapters describe how we breathe, how to understand respiratory difficulties like chronic shortness of breath, the correct use of inhalers, the effects of aging on the brain and body, and the benefits of exercise. His final chapter provides valuable advice about traveling with oxygen. Illustrated with over fifty enlightening medical graphics, *Breathe Easy* offers a complete and compact guide for the millions of Americans who are limited by their breathing.

**Breathe Easy, Young People's Guide to Asthma** Jonathan H. Weiss, 2003-03-01 This comprehensive yet accessible self-help approach to asthma pulls no punches in describing what an asthma attack is, but, talking straight to kids, Weiss is encouraging about managing the condition. Chapters explain ways to identify and avoid personal triggers (house dust, smoke, animal dander, etc.), recognize warning signs, handle medication, and better deal with an attack when it occurs. **Where's the Easy Button?** Carol-Ann Medina, 2007-05 I had the career of a lifetime. I was a teacher. I began my teaching career believing that one person could make a difference, and throughout the years, I never lost sight of that conviction. Teaching connected me to my students in ways quite humorous, as well as heart breaking. I hope the reader laughs a lot and cries only a little, while walking in my footsteps as an educator. Laugh with me as you read about Fred, the crusty cockroach we set free to find his wife and eighty-seven children. In addition, there is always my favorite story about the scary monster under the bed holding a student's homework hostage. I fed a rooster and his hens bread crumbs for breakfast each morning, until they tried to follow me, in single file, into the school board building one day. Some difficult students in summer school mistakenly believed my black patent leather belt to be a black belt in Karate. Who was I to tell them differently? Coming right on top of the laughs were the times I went home to cry. I remember the student, new to our school, who went home one evening and hung himself, his cries for help coming too late. I remember with equal sadness, the foster child we sponsored in Kenya who died because help did not reach him in time. Closer to home was the overage student who was shot and killed while he participated in a home invasion, just days after he finished summer school. Outside factors reached inside our classroom as well, reeking havoc with the emotions of both the children and me. The disastrous space shuttle, with the teacher on board, happened before our very eyes; while the greatest tragedy of all was the destruction of the twin towers on 9/11. These stories and many more comprise my educational career, and although there was no easy button, I would do it all over again. I was a teacher.

The Architecture of Bathing Christie Pearson, 2020-10-06 A celebration of communal bathing—swimming pools, saunas, beaches, ritual baths, sweat lodges, and more—viewed through the lens of architecture and landscape. We enter the public pool, the sauna, or the beach with a heightened awareness of our bodies and the bodies of others. The phenomenology of bathing opens all of our senses toward the physical world entwined with the social, while the history of bathing is one of shared space, in both natural and built environments. In *The Architecture of Bathing*, Christie Pearson offers a unique examination of communal bathing and its history from the perspective of architecture and landscape. Engagingly written and richly illustrated, with more than 260 illustrations, many in color, *The Architecture of Bathing* offers a celebration of spaces in which public and private, sacred and profane, ritual and habitual, pure and impure, nature and culture commingle. Pearson takes a wide-ranging view of her subject, drawing on architecture, art, and literary works. Each chapter is structured around an architectural typology and explores an accompanying theme—for example, tub, sensuality; river, flow; waterfall, rejuvenation; and banya, immersion. Offering examples, introducing relevant theory, and recounting personal experiences, Pearson effortlessly combines a practitioner's zest with astonishing erudition. As she examines these forms, we see that they are inextricable from landscapes, bodily practices, and cultural production. Looking more closely, we experience architecture itself as an immersive material and social space, embedded in the interdependent environmental and cultural fabric of our world.

*Drawing Fire* Brummett Echohawk,Mark R. Ellenbarger,2018-12-10 In 1940 Brummett Echohawk, an eighteen-year-old

Pawnee boy, joined the Oklahoma National Guard. Within three years his unit, a tough collection of depression era cowboys, farmers, and more than a thousand Native Americans, would land in Europe—there to distinguish themselves as, in the words of General George Patton, “one of the best, if not the best division, in the history of American arms.” During his service with the 45th Infantry, the vaunted Thunderbirds, Echohawk tapped the talent he had honed at Pawnee boarding school to document the conflict in dozens of annotated sketches. These combat sketches form the basis of Echohawk’s memoir of service with the Thunderbirds in World War II. In scene after scene he re-creates acts of bravery and moments of terror as he and his fellow soldiers fight their way through key battles at Sicily, Salerno, and Anzio. Woven with Pawnee legend and language and quickened with wry Native wit, *Drawing Fire* conveys in a singular way what it was like to go to war alongside a band of Indian brothers. It stands as a tribute to those Echohawk fought with and those he lost, a sharply observed and deeply felt picture of men at arms—capturing for all time the enduring spirit and steadfast strength of the Native American warrior.

Pearls of Great Price Joni Eareckson Tada, 2009-05-26 Joni Eareckson Tada wants to help you become rich in faith and wealthy in hope. Some people focus on material treasures, but Joni reminds you that life’s true gems come from God—priceless pearls that are worth everything to purchase ... and own. In the tradition of *Diamonds in the Dust* and *More Precious Than Silver* comes this book, *Pearls of Great Price*. Written by a remarkable woman who has known firsthand God’s

faithfulness in the midst of indescribable difficulties, these 366 inspiring new devotions, each filled with Joni's signature storytelling, will touch your soul like a genuine pearl—rare, beautiful, and precious. To wake up each morning is, for Joni, to need the Lord Jesus desperately and to feel his blessing. And she yearns to help you grasp this blessing for yourself. Not a day breaks when she doesn't cling to God, asking for a fresh touch from heaven as well as a fresh view on his Word. It's the reason for her life. It's the reason why she writes. *Pearls of Great Price* so clearly depicts Joni's passion. Allow these 366 meditations to uncover a wealth of promise, of eternal truths waiting to transform the events of your life into opportunities to catch and reflect God's glory. Featuring Joni's own beautiful line drawings, *Pearls of Great Price* will open your eyes and your heart to an abundance of blessings.
