AFROSURF Mami Wata, 2021-06-15 Discover the untold story of African surf culture in this glorious and colorful collection of profiles, essays, photographs, and illustrations. AFROSURF is the first book to capture and celebrate the surfing culture of Africa. This unprecedented collection is compiled by Mami Wata, a Cape Town surf company that fiercely believes in the power of African surf. Mami Wata brings together its co-founder Selema Masekela and some of Africa's finest photographers, thinkers, writers, and surfers to explore the unique culture of eighteen coastal countries, from Morocco to Somalia, Mozambique, South Africa, and beyond. Packed with over fifty essays, AFROSURF features surfer and skater profiles, thought pieces, poems, photos, illustrations, ephemera, recipes, and a mini comic, all wrapped in an astounding design that captures the diversity and character of Africa. A creative force of good in their continent, Mami Wata sources and manufactures all their wares in Africa and works with communities to strengthen local economies through surf tourism. With this mission in mind, Mami Wata is donating 100% of their proceeds to support two African surf therapy organizations, Waves for Change and Surfers Not Street Children.

HWPO Mat Fraser, Spenser Mestel, 2022-01-11 NATIONAL BESTSELLER • Transform your body and mind with the definitive guide to building peak strength, endurance, and speed, from the five-time CrossFit Games champion and Fittest Man on Earth No matter your level of fitness, no matter if you've never attempted CrossFit before, this book is your total training manual. Mat Fraser is undisputedly the fittest man in CrossFit history for winning the CrossFit Games an unprecedented five times. A student of engineering, Fraser optimized his body like a machine, and his absolute dedication to the training program he designed for himself is now legendary. For years, every single decision he made was weighed against the question: Will this help me win? If the answer was no, he didn't do it. If it would give him even the slightest edge or advantage, he would—no matter the cost. Fraser became a master of identifying his weaknesses and then seeking out training methods to improve them, and he's idolized in the fitness community for his relentless pursuit of peak performance.

It's not hard to see why he achieved so much success—but how is a different question. Throughout his career, Fraser has been highly guarded about his specific training techniques (after all, sharing them would not help him win the CrossFit Games). But with his recent retirement from competition, Fraser is finally ready to open up about his path to the podium. HWPO reveals the workouts, training hacks, eating plans, and mental strategies that have helped make him a champion. It's an incredible resource of elite training strategies, illustrated workouts, and motivational stories, and it's a glimpse into the mind of one of the world's greatest athletes.

Her debut book, Celtic Folk-Soul, illuminates the beauty, power and spirit of nature expressed through the ancient language of Celtic art and symbol: the voice of the Folk-Soul. This beautiful book is rich with Delyth's stunning artwork and is structured around a symbolic nine-chapter motif. From Roots/Elements to Stone/Mysteries to Beyond the Ninth Wave, Delyth pairs insightful explanations with her radiant artwork, Celtic myth and poetry revealing to us background, meaning and depth to the theme of each section. Celtic Folk-Soul takes us on a journey of discovery into the many aspects of Celtic myth and symbolism. This is an ancient thread which weaves back through the art, myth and poetry and connects us to a complex mysticism that expresses the interconnection and balance of all things.

Effin' Birds Aaron Reynolds, 2019-10-15 A compact, comprehensive, and very silly field guide featuring more than 200 of the rudest birds on earth—from the creator of the Webby Award-winning hit Instagram account! *Effin' Birds* is the most eagerly anticipated new volume in the grand and noble profession of nature writing and bird identification. Sitting proudly alongside Sibley, Kaufman, and Peterson, this book contains more than 150 pages crammed full of classic, monochrome plumage art paired with the delightful but dirty aphorisms (think “I’m going to need more booze to deal with this week”) that made the *Effin' Birds* feed a household name. Also included in its full, Technicolor glory is John James Audubon’s most beautiful work matched with modern life advice. Including never-before-seen birds, insults, and field notes, this guide is a must-have for any effin’ fan or birder.

Wordsworth's Cambridge Education B. R. Schneider, 2009-05-07 Wordsworth came up to St John's College, Cambridge in 1787. He began his academic career with obvious advantages: talent, the grounding given at his school - which had scored notable successes at Cambridge - useful connections and the incentive to success given by his lack of means and the expectations of his family. Before long it became clear that he had altogether rejected the course of studies leading to academic honours. It was, Schneider argues, a most significant decision in effect, though the young poet was not at first fully aware of having made it: it was a turning away from what Cambridge represented at the time, a rejection of a whole system of beliefs and attitudes about the world, man, society and art. This book is important for students of Wordsworth; but it also examines certain central features of eighteenth-century intellectual and social life and will be valuable to general students of English literature, history and education.

Zerofriends Alex Pardee,2013-11-15 Throughout history and in fables and pop culture, every underdog has possessed a vital asset that led to success: passion. The same can be said about art and apparel brands Zerofriends. Originally a small group of imaginative artists who shared a desire to create obscure, unique and borderline demented artwork, Zerofriends has grown into a collective whose work has gained worldwide recognition. This book showcases the artists and illustrators who have played a major role in establishing the Zerofriends brand as one of the most unique collections in the industry.
