Men's Preferences Among Wool Suits, Coats, and Jackets ,1951

Black Man in a White Coat Damon Tweedy,2015-09-08 When Damon Tweedy first enters the halls of Duke University Medical School on a full scholarship, he envisions a bright future where his segregated, working class background will become largely irrelevant. Instead, he finds that he has joined a new world where race is front and center. When one of his first professors mistakes him for a maintenance worker, it is a moment that crystallizes the challenges he will face throughout his early career. Making matters worse, in lecture after lecture the common refrain for numerous diseases resounds, More common in blacks than whites. In riveting, honest prose, *Black Man in a White Coat* examines the complex ways in which both black doctors and patients must navigate the difficult and often contradictory terrain of race and medicine. As Tweedy transforms from student to practicing physician, he discovers how often race influences his encounters with patients. Through their stories, he illustrates the complex social, cultural, and economic factors at the root of most health problems in the black community. These elements take on greater meaning when Tweedy finds himself diagnosed with a chronic disease far more common among black people. In this powerful, moving, and compassionate book, Tweedy deftly explores the challenges confronting black doctors, and the disproportionate health burdens faced by black patients, ultimately seeking a way forward to better treatment and more compassionate care.- For readers of Atul Gawande, Sandeep Jauhar, Pauline W. Chen, and Henrietta Lacks--

The Cut of His Coat Brent Alan Shannon,2006 The English middle class in the late nineteenth century enjoyed an increase in the availability and variety of material goods. With that, the visual markers of class membership and manly behavior underwent a radical change. In *The Cut of His Coat: Men, Dress, and Consumer Culture in Britain, 1860-1914*, Brent Shannon examines familiar novels by authors such as George Eliot, Anthony Trollope, Thomas Hughes, and H. G. Wells, as well as previously unexamined etiquette manuals, period advertisements, and fashion monthlies, to trace how new ideologies emerged as mass-produced clothes, sartorial markers, and consumer culture began to change. While Victorian literature traditionally portrayed women as having sole control of class representations through dress and manners, Shannon argues that middle-class men participated vigorously in fashion. Public displays of their newly acquired mannerisms, hairstyles, clothing, and consumer goods redefined masculinity and class status for the Victorian era and beyond. *The Cut of*

His Coat probes the Victorian disavowal of men's interest in fashion and shopping to recover men's significant role in the representation of class through self-presentation and consumer practices.

Yellow Jackets Reggie Thornburg,2016-04-19 It was 1947, and seventeen-year-old Pete Forsythe had just arrived in the seemingly sleepy town of Van Horn in southwest Texas. Abandoned by his mother, the Chicago-bred teen went about adapting to life with his stuffy, well-to-do aunt and uncle.

Does God Make the Man? Stewart M. Hoover,Curtis D. Coats,2015-10-02 Many believe that religion plays a positive role in men's identity development, with religion promoting good behavior, and morality. In contrast, we often assume that the media is a negative influence for men, teaching them to be rough and violent, and to ignore their emotions. In *Does God Make the Man?*, Stewart M. Hoover and Curtis D. Coats draw on extensive interviews and participant observation with both Evangelical and non-Evangelical men, including Catholics as well as Protestants, to argue that neither of these assumptions is correct. Dismissing the easy notion that media encourages toxic masculinity and religion is always a positive influence, Hoover and Coats argue that not only are the linkages between religion, media, and masculinity not as strong and substantive as has been assumed, but the ways in which these relations actually play out may contradict received views. Over the course of this fascinating book they examine crises, contradictions, and contestations: crises about the meaning of masculinity and about the lack of direction men experience from their faith communities; contradictions between men's religious lives and media lives, and contestations among men's ideas about what it means to be a man. The book counters common discussions about a "crisis of masculinity," showing that actual men do not see the world the way the "crisis talk" has portrayed it—and interestingly, even Evangelical men often do not see religion as part of the solution.

Every Man Deserves A Good Jacket Crystal Evans,2014-08-24 Most women wanted their first child to be a girl but I prayed for a son and I believe it probably had something to do with my love for men. I have been accused all my life for lubbing too much man. I loved men. Brown men, black men and bleachers; tall men, short men, wild men and Christians. Rich or poor, scammer, drug men, doctors and cane cutters; as long as it name man, my teeth be grinning from ear to ear. My child's father, Jerr was the love of my life. I knew I wanted to be with him from the first day I spoke to him, tall, handsome, sitting on his blue Honda civic in a blue Hollister Shirt and matching Ralph Lauren Polo Pants. I saw him before on several occasions, ruggedly handsome with big Afro hair, decked out in either a white merino or V neck T-shirt driving his Suzuki Grand Vitara. My friends and I would literally stick our tongues out, panting like dogs at him, screaming Oohs and

Awes at how mesmerizing and swaggarific he looked on those 22 inch Chrome rims.

White Jacket, the World on a Man-of-War Herman Melville,2015-12-28 THE JACKET. It was not a very white jacket, but white enough, in all conscience, as the sequel will show. The way I came by it was this. When our frigate lay in Callao, on the coast of Peru—her last harbour in the Pacific—I found myself without a grego, or sailor's surtout; and as, toward the end of a three years' cruise, no pea-jackets could be had from the purser's steward: and being bound for Cape Horn, some sort of a substitute was indispensable; I employed myself, for several days, in manufacturing an outlandish garment of my own devising, to shelter me from the boisterous weather we were so soon to encounter. It was nothing more than a white duck frock, or rather shirt: which, laying on deck, I folded double at the bosom, and by then making a continuation of the slit there, opened it lengthwise—much as you would cut a leaf in the last new novel. The gash being made, a metamorphosis took place, transcending any related by Ovid. For, presto! the shirt was a coat!—a strange-looking coat, to be sure; of a Quakerish amplitude about the skirts; with an infirm, tumble-down collar; and a clumsy fullness about the wristbands; and white, yea, white as a shroud. And my shroud it afterward came very near proving, as he who reads further will find. But, bless me, my friend, what sort of a summer jacket is this, in which to weather Cape Horn? A very tasty, and beautiful white linen garment it may have seemed; but then, people almost universally sport their linen next to their skin.
