Specific Impulse Charles Justiz, 2011-04-18 *Specific Impulse* is a Clarion Book of the Year Award Finalist. Great energy a fun and engaging read! DR. BONNIE DUNBAR, FORMER NASA ASTRONAUT AND CEO OF SEATTLE MUSEUM OF FLIGHT Space scientist Carin Gonzales and former submarine commander Jake Sabio are two strangers drifting separately through life when a thunderous explosion above the giant Barringer Meteor Crater inexplicably brings them together, transforming both in unpredictable ways. Now able to see and smell more precisely and move in ways that are clearly impossible, Gonzales and Sabio soon realize that these kinds of life-changing alterations do not come without a price. Worse yet, they soon notice that others who witnessed the explosion are now dead from a seemingly incurable infection. The CDC wants nothing more than to lock them up in a lab for study. Special Agent Will Greenfield wants them for questioning. Contract killer Antonio Crubari would be happy if they would just hurry up and die, but he is willing to speed up the process if need be. Time is running out for Gonzales and Sabio. But even as they struggle to survive and find a cure for the deadly infection, they uncover a secret of monumental proportions that changes everything including the future.

Sexual Murder Louis B. Schlesinger, 2021-03-22 Sexual Murder: Catathymic and Compulsive Homicides is the culmination of the author's 45 years of experience with, and studying, sexually motivated homicide. Sexual murders are generally of two types — catathymic and compulsive. Catathymic homicides are caused by a breakthrough of underlying sexual conflicts. They can be unplanned, explosive (acute) attacks or planned murders stemming from a chronic obsession with, or disturbed attachment to, the victim. In compulsive homicides, a fusion of sex and aggression results in a powerful internal drive which pushes the offender to seek out victims to kill — and the killing itself is sexually gratifying. These murders also may be planned or unplanned. In compulsive homicides that are unplanned, the urge breaks through and disrupts the offender's controls when a victim of opportunity crosses his path. The compulsive offender who plans his crimes often eludes law enforcement, and as a result he can have multiple (serial) victims over extended periods of time. Both forms of sexual murder — the catathymic and the compulsive — are presented in this volume from a clinical-descriptive perspective encompassing case studies with analysis. Recent advances in empirical research in sexual murder—including findings from the joint research project between John Jay College of Criminal Justice and the FBI Behavioral Analysis Unit in Quantico—has published many important studies. These include such topics as necrophilia, foreign object insertions in sexual homicide, ritual and signature and temporal patterns in serial sexual homicide, mass murder, crime scene staging in homicide, and undoing (symbolic reversal) at homicide scenes. All such research will be included and incorporated into this fully updated Second Edition, including approximately fifty new clinical case studies.

Award-winning author and psychologist Dr. Les Parrott reveals six common impulses that sabotage greatness in our lives. We can unleash our full potential and excellence when we learn how to give our first impulses a second thought. Just three seconds. The time it takes to make a decision. That's all that lies between settling for Whatever ... or insisting on Whatever it takes. 3 Seconds shows how to unleash the inner resources that can move you to a whole new level of success. It comes down to six predictable impulses that most of us automatically accept without a second thought. You can replace them with new impulses that lead toward impact and significance. For instance, it takes Three Seconds to ... Disown Your Helplessness: The First Impulse: There's nothing I can do about it. The Second Impulse: I can't do everything, but I can do something. Quit Stewing and Start Doing: The First Impulse: Someday I'm going to do that. The Second Impulse: I'm diving in ... starting today. Fuel Your Passion: The First Impulse: I'll do what happens to come my way. The Second

Impulse: I'll do what I'm designed to do. Inhale ... exhale ... the difference of your lifetime can begin in the space of a single breath. The decision is yours. Start today.
